Welcome Guide*

Meet Lindsey

Thank you for visiting Lindsey Black Photography!
I am hopeless romantic, chocolate with peanut butter addicted, award-winning SLC Utah photographer specializing in intimate wedding photography. I travel worldwide to provide my clients with the absolute best in classic, timeless portraiture.

For the undeniably
CLASSIC at HEART

If you've got a bit of that professional by day meets let-it-loose weekends, with a little Nordstrom sophistication...
This one's for you.

Style

I am the only Certified Professional Photographer (CPP) in Utah specializing exclusively in wedding photography. I make use of every type of light available, including creating my own dramatic effects using off-camera lighting to create classic and sophisticated portraits that stand the test of time. My style incorporates a Fine Art and Photojournalistic approach, from emotional candids to beautifully posed portraits.

My brides love Classic. They want elegance and sophistication to be the name of the game on their big day. The Lindsey Black Bride is usually a busy professional, looking for a wedding photographer who offers much more than photography...who guides them through the whole process, provides invaluable resources, vendor lists, style guides, and a seamless, organized system.

My brides love photography that is timeless. They aren't into passing trends, funky filters, or unnecessary "fluff." They just want gorgeous, clean photos that will stand the test of time. The Lindsey Black Bride values printed art, including heirloom albums and stunning canvas prints.

The Lindsey Black Bride knows what she wants. She is her own person. She loves having her friends and family help in the wedding planning process, but ultimately, it is HER wedding and it will be done HER way. She loves beautiful details, feminine styling, and little classic touches. My brides value my opinion as a wedding expert and trust me as their most valuable resource as they plan their wedding.

Testimonials

LAUREN & ERIC

“Lindsey, I just wanted to thank you from the bottom of my heart for everything you did for Eric and I at our wedding. You did not miss a beat and everything was perfect. I so appreciated your kind heart and how you did everything with a smile on your face. You followed through on everything you had told me and I can't tell you what that means to me. I will recommend you to everyone I know. Thank you so much for everything and making my day perfect. You were absolutely phenomenal!”

Testimonials

SARA & CARL

“I originally referred Lindsey to a friend for her wedding day, and saw how incredible the pictures turned out. I knew a year later when I got engaged, who I had to work with! Lindsey has an incredibly artistic and talented eye for photography. It was easy to stand in front of her lens and be ourselves, and the pictures have been amazing! She understood our vision for our engagements and my bridals, and found perfect locations for both that we adore! She is fun, spunky and easy to work with. I would highly recommend this high quality gem!”

Testimonials

ANDREA & ZEB

“We had plenty of time to plan exactly what kind of photo packages we wanted with Lindsey, and she was great at communicating with us through the whole process. Lindsey arrived on time and made it easy for us and our guests to feel comfortable as she captured moments throughout the day. She took some wonderful photos, and we received every-thing we had ordered with a quick turn-around. Our photos look amazing, and we were grateful to have a huge selection of photos to choose from.

Thank you Lindsey!”

Testimonials

JESS & TYLER

“I just wanted to let you know how much we appreciate your photography. Tyler’s sister died a little while ago and the last pictures we have of her are from the wedding. We are so glad that the pictures turned out BEAUTIFUL so we have them to cherish until we see her again. Straight up...
BEST photographer EVER!”

Accolades

Confession Time: I am competitive. Super competitive. But not in the way you may think. I don't care about what everyone else is doing. I only look inward. I push myself to be better than I was yesterday, last week, last year. Through participating in local and International print competition I can see my personal growth and set goals for myself to try new ideas, stretch my abilities, and become a better photographer and a better person. Here are some of the fruits of those labors.

See the Difference

I love it when your wedding gets published on one of my favorite wedding blogs! And while I can't guarantee publication, many of my weddings do find themselves in the spotlight. One little tip if you want to increase your chances: publications LOVE beautiful details. As we plan, we can chat more about incorporating these elements into our shoots!

What to Expect

THE CONSULTATION

You will spend more time with your wedding photographer than with any other vendor...so make sure you are a great fit! The first thing we will do is schedule a consultation*, either in my home studio in Riverton, UT or I will take you out for gelato in Salt Lake City if that is more convenient! For out-of-towners and destination weddings, a Skype consult is a great way to go! Prior to your consultation, you will receive a Questionnaire via e-mail. This will help me get a better feel for you and what you are looking for prior to our consult. At the consultation we can get to know each other, look at packages and pricing, compare album styles, and you can ask me any questions you have. Everyone who is involved in the decision-making process for hiring a photographer is strongly encouraged to attend the consultation.

***Consultation does not apply to LB Lite Clients**

What to Expect

BOOKING

Once you have decided to book me as your wedding photographer, I will set up your personal client site. This will be your main “hub.” Through your site I will send you a wedding photography contract to electronically sign. I will also set up the payment plan we have agreed to and you can choose to receive an invoice each month OR set up a recurring payment. Through your client site you can communicate with me, view your contract at any time, see your package details, view billing information and make payments, and send and receive files. Perfect for the busy bride planning a wedding. Once your deposit has been received, your date is booked!

Now that you have booked and reserved your date, the fun begins! You will receive an awesome booking gift from me along with the Lindsey Black Style Guide to help you plan your outfits for any PLUS sessions, Lindsey’s Hand-Picked Preferred Vendor List filled with my tried and true wedding vendors who have proven to provide a similar level of amazing customer service as I do, and Lindsey’s Ultimate Wedding Checklist and Timeline. We will also book tentative dates for your PLUS sessions.

What to Expect

PLUS SESSIONS

Your PLUS sessions are those extra sessions that are either included in your package or that you have added on a la carte. These include Bridals, Engagements, Formals and/or Boudoir. Your Style Guide includes some great ideas on What To Wear for these sessions, and you are always welcome to email me pictures of outfits to get my opinion on what will photograph well. I strongly recommend getting your hair and makeup professionally done for all PLUS sessions as well as your wedding day. Your Preferred Vendor List has some great options for ladies I trust completely to make my brides look and feel amazing!

Your PLUS session will typically take place on a weekday evening, about two hours before sunset. Your Style Guide has some great ideas for locations, and we will work together to find the perfect unique setting for you. I will have an assistant with me and we will do a combination of posed and candid portraits using both natural and created light for a variety of beautiful photos. PLUS sessions typically last 1 1/2 to 2 hours. Boudoir are typically done in studio, unless otherwise requested.

Within two weeks of your PLUS session, you will have an online gallery sent to you. This gallery will include approximately 30 photos from your session, all with “clean” edits. This means they will be edited for lighting, color, contrast, and composition. Enhanced “Fine Art” edits are available to purchase at this time as well. If you have a print credit and/or have purchased an add-on print package, you can apply any of those included items to PLUS sessions and/or Wedding Day. Once you have selected the prints, products, and Fine Art digital edits you wish to purchase from your PLUS session, you will check-out right from your gallery. All purchased files and print products will then be digitally retouched into Fine Art files, ordered, and shipped directly to you. Your “clean” digital files and any purchased “Fine Art” digital files will be sent to you as digital downloads.

What to Expect

YOUR CUSTOMIZED WEBSITE

After your first PLUS session, I will be setting up your customized Wedding Website for you to share with family and friends. The site will include your love story, how you met, how he proposed, your invitation if you choose, and we will start filling it with your gorgeous photos from your sessions and, eventually, your wedding day!

What to Expect

WEDDING DAY

A few weeks before your wedding day you will receive a Wedding Worksheet to complete (through your Client Site). This will give me a final timeline as well as other vital information to help everything run smoothly on the day of your wedding. On your wedding day, I will be accompanied by either an assistant or second shooter, depending on your package. We will arrive on time and be ready to assist with anything you need. Our job is more than just taking photos. We are there for you as dress fluffer, boutonniere fixer, lipgloss applier, and much more. We will follow the timeline from your Wedding Worksheet and work with other vendors such as DJs and officiant to keep everyone on schedule...so you don't have to. And of course, we will capture amazing moments from beginning to end. Moments you will have to treasure forever!

A bride in a white gown is sitting on a stone ledge next to a waterfall. She is holding a bouquet of red roses. The background is a lush green garden with trees and rocks.

What to Expect

AFTER THE WEDDING

Within two weeks of your Wedding Day, you will receive an online gallery of your best wedding day images. We provide approximately 100 photos per hour of coverage. These photos will have “clean” edits done. You will also receive an album proof*. Our albums are done by “Moments.” Each spread will highlight a moment from your wedding day. There may be more spreads than are included with your purchased album. All you have to do is eliminate those moments you don’t feel like you need included in the album. You can always purchase addition spreads if you can’t bear to part with them!

In addition to your album spread selection, you will also select any other Fine Art digital files, prints and products from your wedding day, including using any print credits and/or print package items you didn’t use on PLUS sessions. Once you have placed your order directly from your gallery, all purchased files will be digitally retouched into Fine Art files, rdered, and shipped directly to you. All of your “clean” gallery files and purchased Fine Art files from your Wedding Day will also be included on a USB drive with your order.

***Album proofs do not apply to LB Lite clients.**

The Heirlooms

ALBUMS & PRINTS

There are few things I am more passionate about than making sure each and every one of my brides walks away with an amazing customer experience. A huge part of providing that is never letting you go with just a disk full of pictures. Wedding photographs are unlike any other. They are meant to tell a story. And a story can't be told by clicking through images on a screen. This is why all of my packages, with the exception of LB Lite packages, includes either a hardcover book or album from your wedding day. My signature album, The Heirloom Black, is handmade from the highest quality leather available and custom-designed by me.

Because when the food is eaten, the guests gone home, all you have left are the pictures.

Part of what makes Lindsey Black Photography so unique is that I provide prints and products of such amazing quality and workmanship that you are unable to find them anywhere else. Which is why I back up my albums and prints with a 100%

WE KNOW YOU.

*Our wedding packages have been created with you in mind. And that's
why they
include only what you love.*

NOTHING MORE, NOTHING LESS.

All wedding packages include either an
assistant or a second shooter to make sure everything runs smoothly.

They come with an Heirloom Album to last generations.

The digital files from your wedding day and PLUS sessions are yours, too.

And each package comes with at least one PLUS session
(bridals, engagements, first look/formals, or boudoir).

SEE. I TOLD YOU WE KNOW WHAT YOU WANT.

LB Lite Package

This package was designed for the bride who loves the Lindsey Black style but needs just a little less. Without the in-person consultation, second shooters, albums, and print credit, we have aptly named this “LB Lite.”

All PLUS sessions in the LB Lite Package are shot by Lindsey. When you inquire, we will let you know if Lindsey is available for your date or if your wedding would be shot by one of our talented Associate shooters. Regardless, all images are edited by Lindsey and she remains the bride’s point of contact.

While albums and print credit are not included in LB Lite Package, beautiful prints, products, and albums will be available to purchase through your online gallery up to 6 months after your wedding. A second shooter for your wedding can also be purchased a la carte.

ENGAGEMENTS

Engagements are a great way for me to get to know you as a couple, and visa versa. We stylize your engagements around you and your interests!

Engagements can be beautifully showcased in a custom-designed photo guestbook for your guest to peruse and sign on your wedding day.

Plus Sessions

BRIDALS

Bridals (and their close cousin, Formals) are my specialty. I truly believe every bride IS beautiful, and nothing makes me happier than watching a bride FEEL beautiful. Using my unique vision and dramatic lighting, we will create portraits to last through generations. Imagine wowing your guests as they see your bridal portrait as a luxe metallic print!

A wedding couple is the central focus of the image. The groom, on the left, has curly blonde hair and is wearing a grey suit with a light blue tie and a boutonniere. The bride, on the right, has long brown hair and is wearing a white long-sleeved wedding dress with a full skirt and a veil. She is holding a bouquet of white and pink roses. They are sitting on a green lawn, with the groom's hand on the bride's. The background is a dense canopy of dark tree branches with green leaves, creating a natural frame around the couple.

Plus Sessions

FORMALS AND FIRST LOOK

Scheduling these prior to your wedding is the perfect way to ensure a stress-free wedding day. Knowing that you already have beautiful photographs of you and your sweetheart in your formalwear relieves the pressure for you to “perform” on your special day. And believe me, those first look photos are amazing to have! A large canvas from your formal session hanging above your fireplace in your new love nest paints the perfect picture!

Plus Sessions

BOUDOIR

Every bride is exquisite. I absolutely love pampering my brides with a full experience boudoir session tailored exactly for your needs and comfort level. The end product is a gorgeous collection of images showcasing the beautiful woman you are, inside and out! These pair beautifully with an 8x8 leather album as a gift for your honey on your wedding night!
