ABOUT ME

I'm Ellie Bowden-Kelly and I'm a documentary-style candid photographer in the city of Fort Myers. I've been in the design industry for 11 years and started professional photography within the last 3. I can't imagine doing anything else.

My style is unobtrusive and natural yet sophisticated. I capture all the important and lighthearted moments while you have a magical time.

CLIENT TESTIMONIALS

"Ellie is amazing! She did our engagement photos and made them look so warm and exactly what we pictured! I can't wait for her to do our wedding. Ellie made it so comfortable for us and even made us laugh while taking the pictures! 10/10 recommend. She is incredible!"

- Courtney + Thomas, Engagement Session

"Ellie went above and beyond capturing our elopement! She made us feel extremely comfortable, captured beautiful candid photos AND our album was sent over quickly. She even sent multiple sneak previews before our reception was over! We will sing Elizabeth Grace & Co's praises for a lifetime and look forward to continuing to work with her! I have booked Ellie for holiday, engagement, wedding, hopefully future family photos. I could not have envisioned better memories to look back on. If you are considering a photographer, I would look no further."

- Haley + Bryant, Elopement

"Ellie exceeded beyond expectations. She's so professional, sweet, and insanely talented. I received my photos back so quick and was shocked to say the least at how amazing every single photo came out!!! You can't go wrong with booking her for any occasion!!
