Pricing is based on the number of expected guests and the use of the Snow Valley Express (ski lift) to take guests up to "The Edge" for the ceremony and back down for the reception. Should you prefer to have your ceremony at the base of the mountain, there would be no need for the lift and therefore pricing would be adjusted accordingly. You will find our pricing comparable to other local venues and the only ski resort in the area with an express lift to accommodate six people at a time.
