Testimonials

There isn't a person in this world that we would have trusted more with our ceremony and reception. His professionalism is far exceeding expectations and his personality and presence on the microphone is second to none. When we started the process of planning our wedding he was the only guaranteed must have after we saw him at another wedding.

-- Sara & Jared Read

Steve had everyone in the room dancing. My husband and I couldn't leave the dance floor the whole night we had so much fun. He made it the wedding of our dreams! The most amazing part of it all, was looking around and hearing that it was our guests most memorable time as well.

-- Mackenzie VanDoren

DJ Ruethai Steve Allard was our DJ for our engagement party and did an amazing job. He was very professional and is exceptional at entertaining. With great music and his ideas he can make your night as special as you imagine. I would recommend Steve for any event!
