

Thank you for reaching out!

We have a beautiful working flower farm in Palmer Alaska. Our primary flowers are Peonies which bloom about the end of June through the 2nd week in August. We do about 6 weddings per summer on the farm during this peak time.

We are a unique wedding venue, in which, when you reserve our venue, you get the use of the property for 2 nights and 2 days. This allows you to check-in, the afternoon before your wedding day, have a dress rehearsal and rehearsal dinner, spend the night on the property in our Renovated Luxury Barn, have lots of time to get ready and set up the reception and ceremony area just the way you would like and allows for lots of time for pre-wedding photos.

After your ceremony you can transition easily into our large reception tent and enjoy the fun long into the night. After your big day you will be able to stay another night in the Luxury Barn, which makes for the perfect wedding suite. The day after the wedding you can use the venue to host a morning after brunch and have plenty of time for your clean-up crew to do their job.

Our Price: \$8000
