Please feel free to choose from any of those products. Base pay for covering the ceremony and the wedding party photos, up to 7 hours of work is only \$1,000. Below are 3 packages designed for you. If you want to design your own package, please tell me which items you may want, how many, and I can quote you a price for the entire package.

Wedding videography with Realistic Entertainment is a unique experience. Our mission is to capture your beautiful day so that you can view it how it all came together. We will show up before your guest so that we can capture everything as it unfolds and stay until all the fun was had. You can cover your entire ceremony and reception, up to 7 hours for only \$1000!

We also offer a better deal! Many people enjoy the format of a reality TV show, so why not remember your wedding that way? From your wedding rehearsal to your reception, let us capture your entire event. We will also interview your guest and wedding party to get everyone's perspective on the event. What's a more exciting way to see your wedding than a personal documentary? You can receive this great package for only \$1,500
