Timeless Moments by Design Wedding Services

Our Wedding Day Management

This is for the bride that has planned pretty much everything on her own and just needs someone to make sure all the ends tie together, create the timeline, contact vendors, venue visit, and coordinate the rehearsal, ceremony, and reception. We read your vendor contracts to make sure we know what has been agreed upon. We won't just show up on your day, but work with you 30 days out to make sure everything comes together.

Our Partial Planning

This is for the bride that is about 4 months out, has their venue and most of their vendors. We come in and act as your advisor and guide you the rest of the way. This package includes the Wedding Day Management package.

Our Full Service Planning

This is for the bride that has just gotten engaged or finds that they just don't have the time to do it all. We walk with you hand in hand to acquire all your vendors, help you with your design, budgeting, checklist, and follow through. This package includes the Wedding Day Management Package.
