wedding stories

### My Story:

Thank you for your interest in my photography. I am a visual storyteller. My role as your photographer is to share your story: capturing authentic moments and creating personalized art for you to hang on your wall and pass on to future generations. I know that some of the most touching moments happen when you least expect them, so I am there the entire day. With me you'll never have to rush, worry, or re-stage anything. I will be there to witness your wedding as your story naturally unfolds. That's what it takes to create amazing photos.

I enjoy taking an insider's perspective, like a good friend with a camera. My background and career is as a photojournalist and I've been told I "have a way of being everywhere without being anywhere." Although most of the day I will be capturing images rather than choreographing them, including portraits of your family and bridal party is also important. Let's make them fun and relaxed and find those natural moments. And I have a blast styling portraits of you, the newlyweds. Together, we'll create art where the love, landscape and lighting come together to make authentic, soulful, timeless images.

I've photographed weddings on top of the Rocky Mountains, in the bayou of Louisiana, in the jungle of Colombia, on the beach in Mexico, on skis, on horseback, by bicycle, in an intimate backyard, on an organic farm, a downtown gala, a multi-day Indian affair, and even a couple saying "I-Do" while jumping out of a plane. I believe love is love is love, and you should be able to marry whomever you chose, whenever you choose, wherever you choose.

I am committed to photography for social good. I work as a photographer for *National Geographic Magazine*, as well as commercial, editorial, and humanitarian groups. My images have received international recognition and are published and exhibited around the world. I am fluent in Spanish and English, and I can order a beer in a few African languages.

Every wedding is unique and I am happy to customize a collection that best fits your needs.

### LOVE STORY VIDEO DOCUMENTARY (price tbd)

Your very own cinematic documentary telling your love story! Before the wedding day we record a video interview of the bride and groom-to-be to asking questions such as: How did you meet? When did you know they were the one? What do you love about each other? What are your hopes and dreams for the future? This forms the narrative of your video. On your wedding day, two cinematographers will film the highlights of your day. Your narrated story is then edited together with the cinematic wedding video and a musical soundtrack to create a 7+ minute beautiful documentary. Sure to make you smile and even shed a tear, this is a fabulous and unique way to preserve and share your love story.

## TESTIMONIALS

- Dana Romanoff is the most hard working, sensitive, talented woman in all the land. She brings a level of energy and enthusiasm to her work that inspires! She offered us both the artistic and creative style photos, the top-notch National Geographic action shots, as well as the portrait style that delights our parents and all types. She is a great communicator, a fabulous skier with a camera, a talented eye for space, light & mood, and so easy going she fits into any situation making it bloom into art!

- Erin & Andy Taffin, week-long wedding in Aspen, CO

- Five stars doesn't say enough! - Lauren & John Patti, Cooperstown, NY

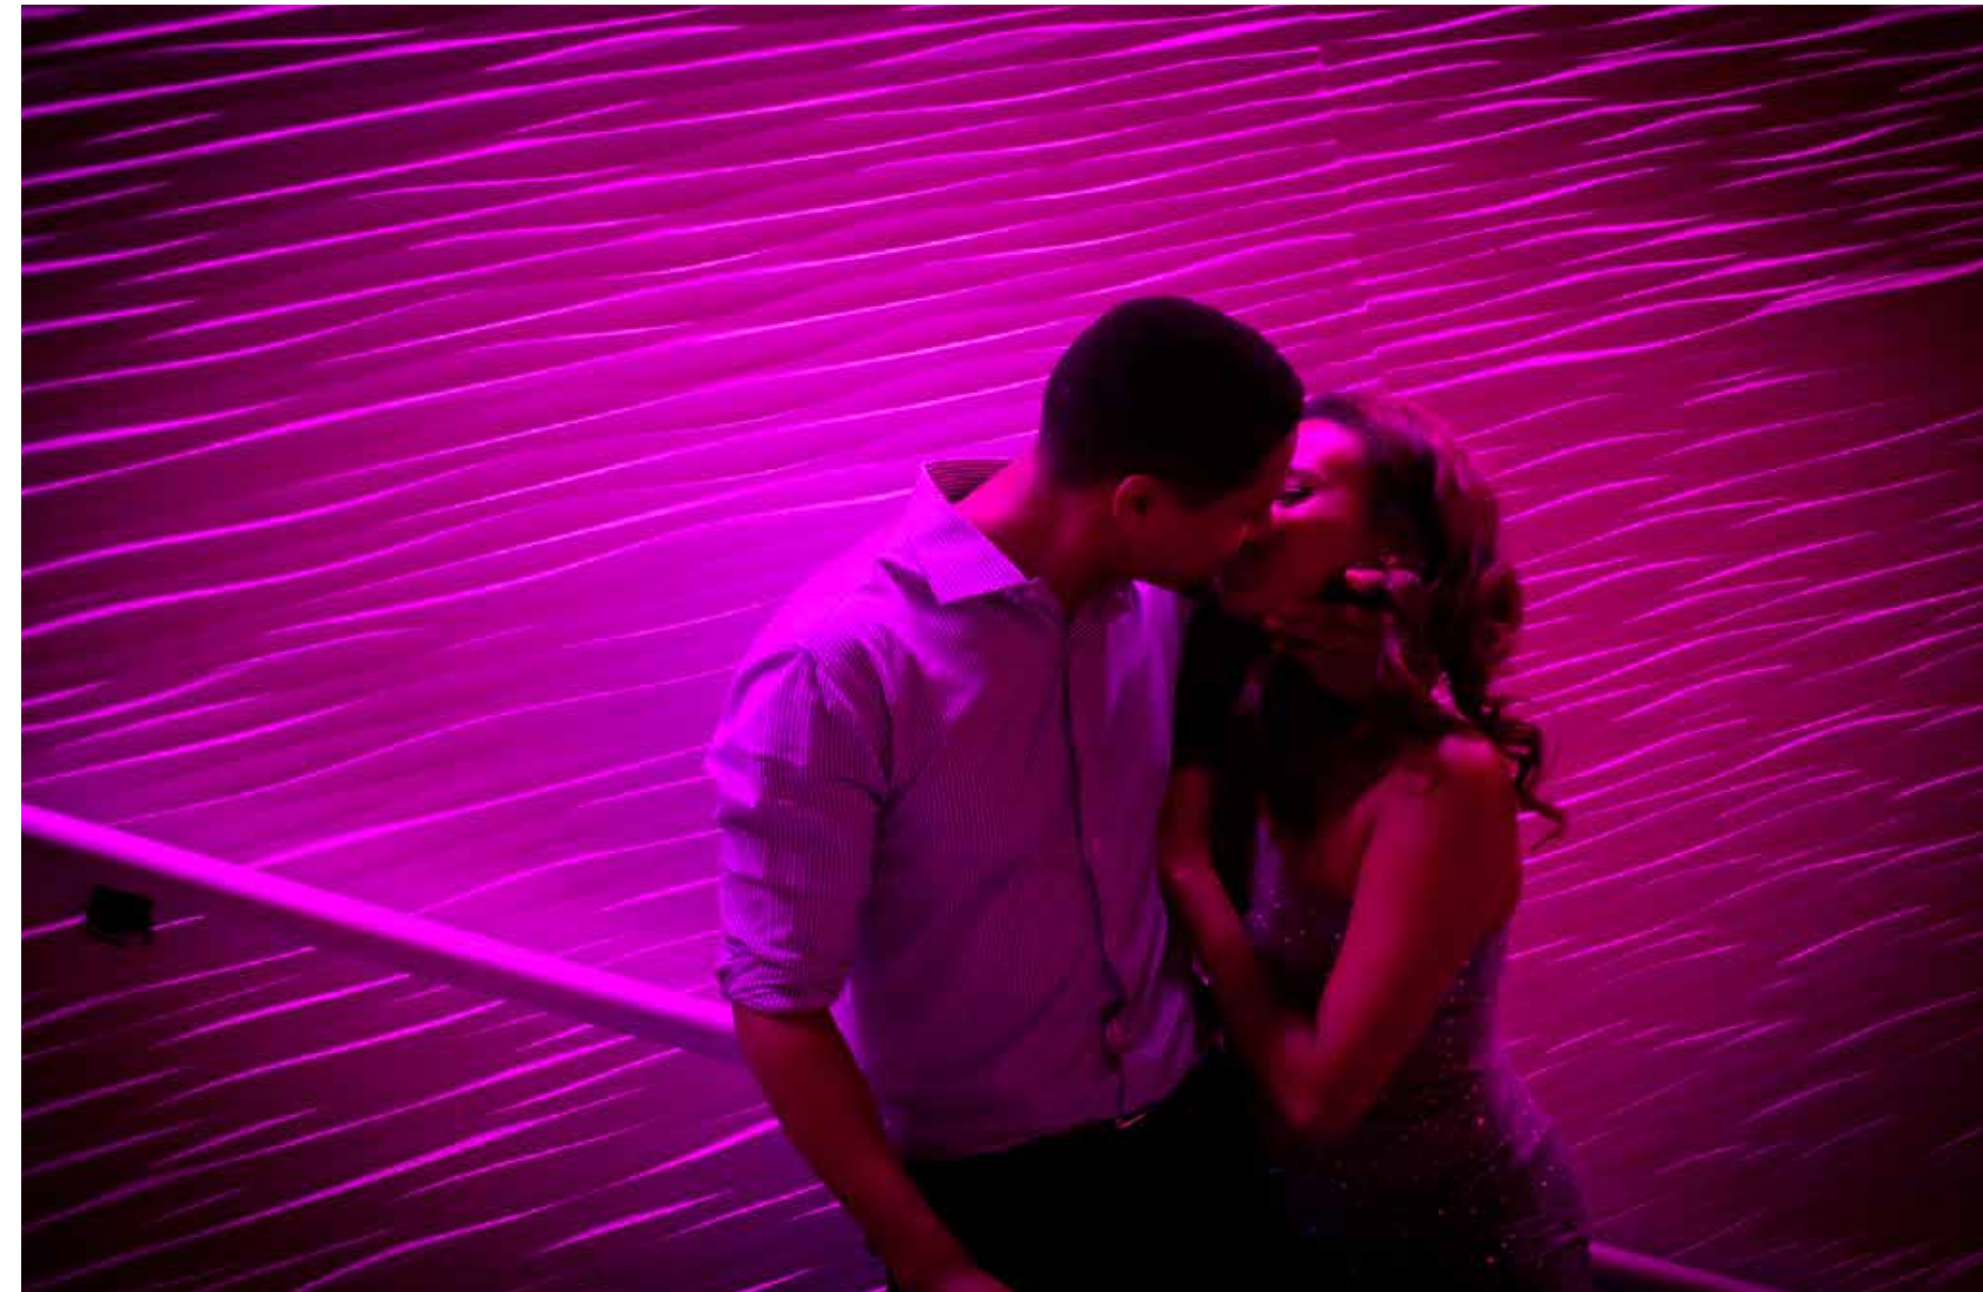

- All I can say is, outstanding! Dana has a gift that enables her to catch not only the perfect moment but the emotions that are felt as well. I honestly cannot believe how beautiful our pictures came out. Dana brought our destination wedding back to our absentee invites with her photos. She was so easy to work with and she went way above and beyond to capture our memories. I am so glad (and thankful) that we were able to take her to Mexico with us. - Mike & Brooklynn Flores, Playa del Carmen, Mexico

- Holy sweet mother of pearl on a seamless! Best. Wedding. Photos. Ever! - Sister of the bride, Telluride, CO

- The wedding day is a big whirlwind, and I don't know how she was able to get all the great shots she did as it seemed like she turned into the size of a mouse! From a nuts and bolts perspective, she was always on time, always friendly, never loud or demanding, and got us the photos before schedule. In fact, she emailed us a couple of photos right away so we could have them on our honeymoon. I couldn't recommend Dana any more highly. - Don Poe and Erin O'Brien, Boulder, CO

- Whether people were talking, laughing, relaxing, dancing, or crying, your work translates the joy that we and others felt that day and, we feel, really tells "our story." Perhaps most importantly, throughout the day, you were energetic, funny and friendly, and showed a true talent for setting our friends and family at ease. We can't thank you enough for your wonderful work.

- Jessica and Aaron Mattfeld, Brooklyn, NY
