2022 PRICING GUIDE

Jade here.

Hopefully at this point in the process, you've seen my work; love it, and just want to know how we can make this thing official!

I spend almost every weekend documenting love stories, creating memories and capturing moments for special couples just like you.

I am a splash of adventure with a modern vision. I have shot over 100 weddings in my career and look forward to many more. Let's make yours one of them.

*"I loved working
with Jade."*

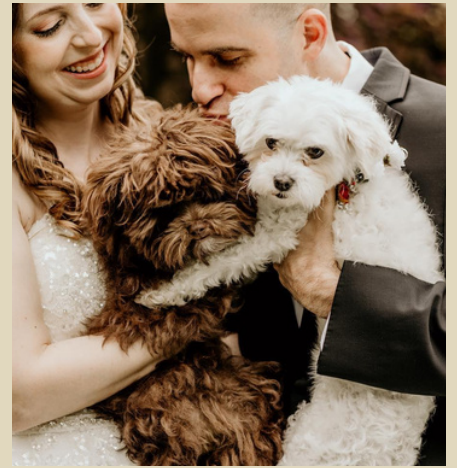

I loved working with Jade!
Fantastic at what she does,
professional and talented! She
captured exactly what I was
going for and the pictures
were a perfect depiction of
how our special day looked
and felt!

My approach.

Romantic Nostalgic & Warm.

Your wedding day is uniquely yours. I take time to learn what is special to you about your day to make sure it gets captured just how you hope.

I work hard to make sure my style stays fresh while remaining timeless. When you look back at your wedding photos, I want you to feel the love, warmth and joy of that day. We will create gorgeous posed photos that you want to hang on your walls for years to come. I will work tirelessly behind the scenes to capture those moments that are small but mean the world to you.

I know how much this day means to you and the story of your life. I do not take that responsibility lightly. All of these factors have helped build my wedding photography style that translates to some gorgeous memories you never want to forget.

"The result was very authentic"

Jade was so good at making us feel comfortable for photos, and the result was a very authentic-feeling package of memories. We also really appreciated how well she captured every special moment of our wedding without anyone even noticing there was a camera in the room. She's the best!

Jade is the absolute best wedding photographer! Not only do you get someone who takes amazing photos, you get a friend who is going to take every precaution to make sure your day is amazing. My favorite thing is that in every photo she takes, you can tell she captures the true emotions of each individual. It is impossible to pick a favorite photo because there is an abundance of FAVORITES! She is guaranteed to be our families photographer for life.

Frequently asked
questions

WHY SHOULD WE HIRE YOU?

I'm professional, unique, organized and I am here for you. I have systems, yet, I custom create just for you. No two weddings are alike. I won't sugar coat this- I do this a lot, and I LOVE it and I ensure your day runs as smooth as it possible can. I love helping you lace your corset when mom is in awe of your beauty, buckle your shoe when your Maid of Honor can't because of her nails, and I don't just take pictures. I create the images you'll hang up in your first home.

DO YOU EVER SHOOT WITH A SECOND SHOOTER?

My most commonly selected add on includes a hand picked and talented 2nd photographer to help capture every detail of your day. So, yes. It is definitely something we love.

DO YOU EDIT ALL OUR PHOTOS?

I sort through, hand select the best, and personally edit all the photos taken by myself, (and the second shooter should one be included) for every session, wedding and event I shoot.

WHERE DO YOU LIVE AND HOW FAR WILL YOU TRAVEL?

AH Photography & Co is based in Salina, KS but I am available for travel anywhere. I love adventure elopements and can even help you plan.

WHAT ABOUT A VIDEOGRAPHER?

We do have a Videographer at AHP & Co and based on availability she can capture your day for an additional fee.
