“One of the best wedding decisions we made was having Ryan with Upward Films as our videographer! Ryan was very easy to talk to and kind, my husband and I felt comfortable meeting him from the beginning and with the filming and interaction. I love how all his videos are different and tell a story! You can truly see how much thought and talent he puts into his work! He captured our story perfectly! The preview video was amazing, but wow; he blew us away with the highlight film! So amazing! Had us crying and laughing throughout! I can't say enough! Highly recommend!! Worth every penny!!!! Thank you Ryan!”

Kathryn Freshwater - Bride

“Not only is Ryan's work beautiful and well done, but he is very kind, positive and easy going. He makes the bride and groom feel comfortable and relaxed so they can enjoy their big day while he captures it all so beautifully. As a wedding photographer, I had the opportunity to work with him recently and it was a very positive experience. Any photographers that have a couple asking for a videographer recommendation, Ryan is your guy! He's great to work with, very considerate and lots of fun!”
