ABOUT THE PHOTOGRAPHER

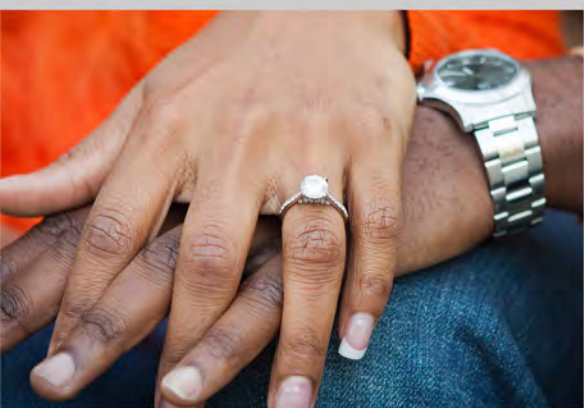

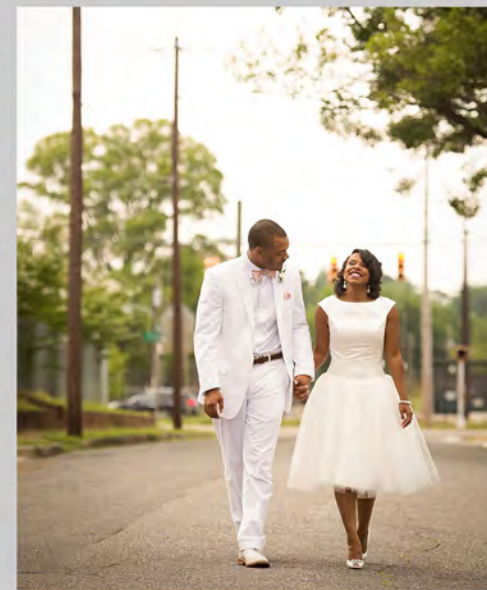

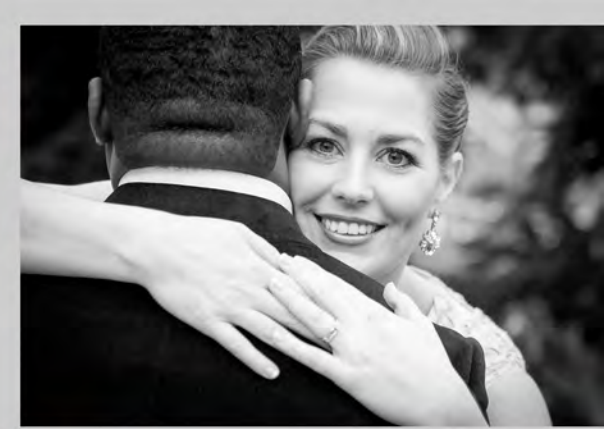

I'm a photographer & videographer based in Birmingham, Alabama. I've always had an interest in writing, drawing & graphic design. My years of work in audio/visual production has blossomed into a love of still imagery. As a photographer, I use candid imagery to capture the true essence of your wedding, event, or lifestyle portrait session.

I enjoy spending time with my clients in their natural surroundings and wish to tell their individual stories without interfering with them as they happen. My clients are assured they are partnering with a skilled, trustworthy, professional photographer. I continuously seek knowledge in this art through exploration and workshops for professional photographers.

I am eager to capture the details of your special day. It's a day that's all about you and your loved ones, and I want you to be able to remember these timeless moments in your life as it was. Let me help you capture these precious hours in beautiful photographs that will last for generations.

Frequently Asked Questions:

Q: What is your photography style?

A: As photojournalists our goal is to capture your day through candid imagery. We are prepared to work in many different environments and utilize natural light when possible.

Q: What is necessary to retain your services?

A: A signed contract and deposit are necessary to retain our services for your date.

Q: Do you provide destination wedding coverage?

A: We sure do; we'd love to capture your destination wedding! Be sure to contact us regarding travel and accommodations.

Q: How long does it take to deliver my images?

A: Typical processing time is 4-6 weeks from the date of your event. All final images will be uploaded to a secure gallery for your review.

Q: Do you deliver every image you take?

A: No, but let's be honest, no one wants a photo published of themselves with awkward facial expressions! Our final images will have gone through several quality checks to ensure only highest-quality images survive.

Q: How are your albums designed?

A: I work with clients to produce custom albums we'll both be proud to share for years to come!

INVESTMENT

I wish to provide products and papers, which bear your investment in my services, of the highest quality. This is can be seen and felt in our albums and prints which are printed on archival quality paper. Our network of professional print labs and gift vendors help us supply clients with products which stand the test of time.
