Every wedding is unique and I am always glad to discuss exactly what each couple expects and modify the service I provide. Some weddings are in one of a kind locations, some are small and intimate while others are more elaborate events with more guests and maybe two different locations. On our first call or meeting I answer your questions and have several of my own. I also have a wedding photo check list and wedding information form that helps both us get a clear understanding of how the day will proceed. The timeline we develop for the day is a key element that allows me to capture everything you are looking for in a timely manner. As wedding day approaches, I like to have one or two final calls to go over any last minute changes or to answer any questions you may have. From the day you book me until wedding day, I'm only a phone call away.

Friday and Sunday Discounts

If your wedding is on a Friday, Sunday or weekday, I have a very nice discount.

Engagement session \$245. This includes up to 90 minutes on location photography at your choice of locations. I like to shoot a wide variety of images to provide story and nice selection. Edited images are delivered via a nice online gallery for 1 year. If you choose me for your wedding, I am happy to deduct the session from your wedding service.
