

Illumination Weddings

August 5 to September 30, 2022

The
PAINE
ART CENTER AND GARDENS

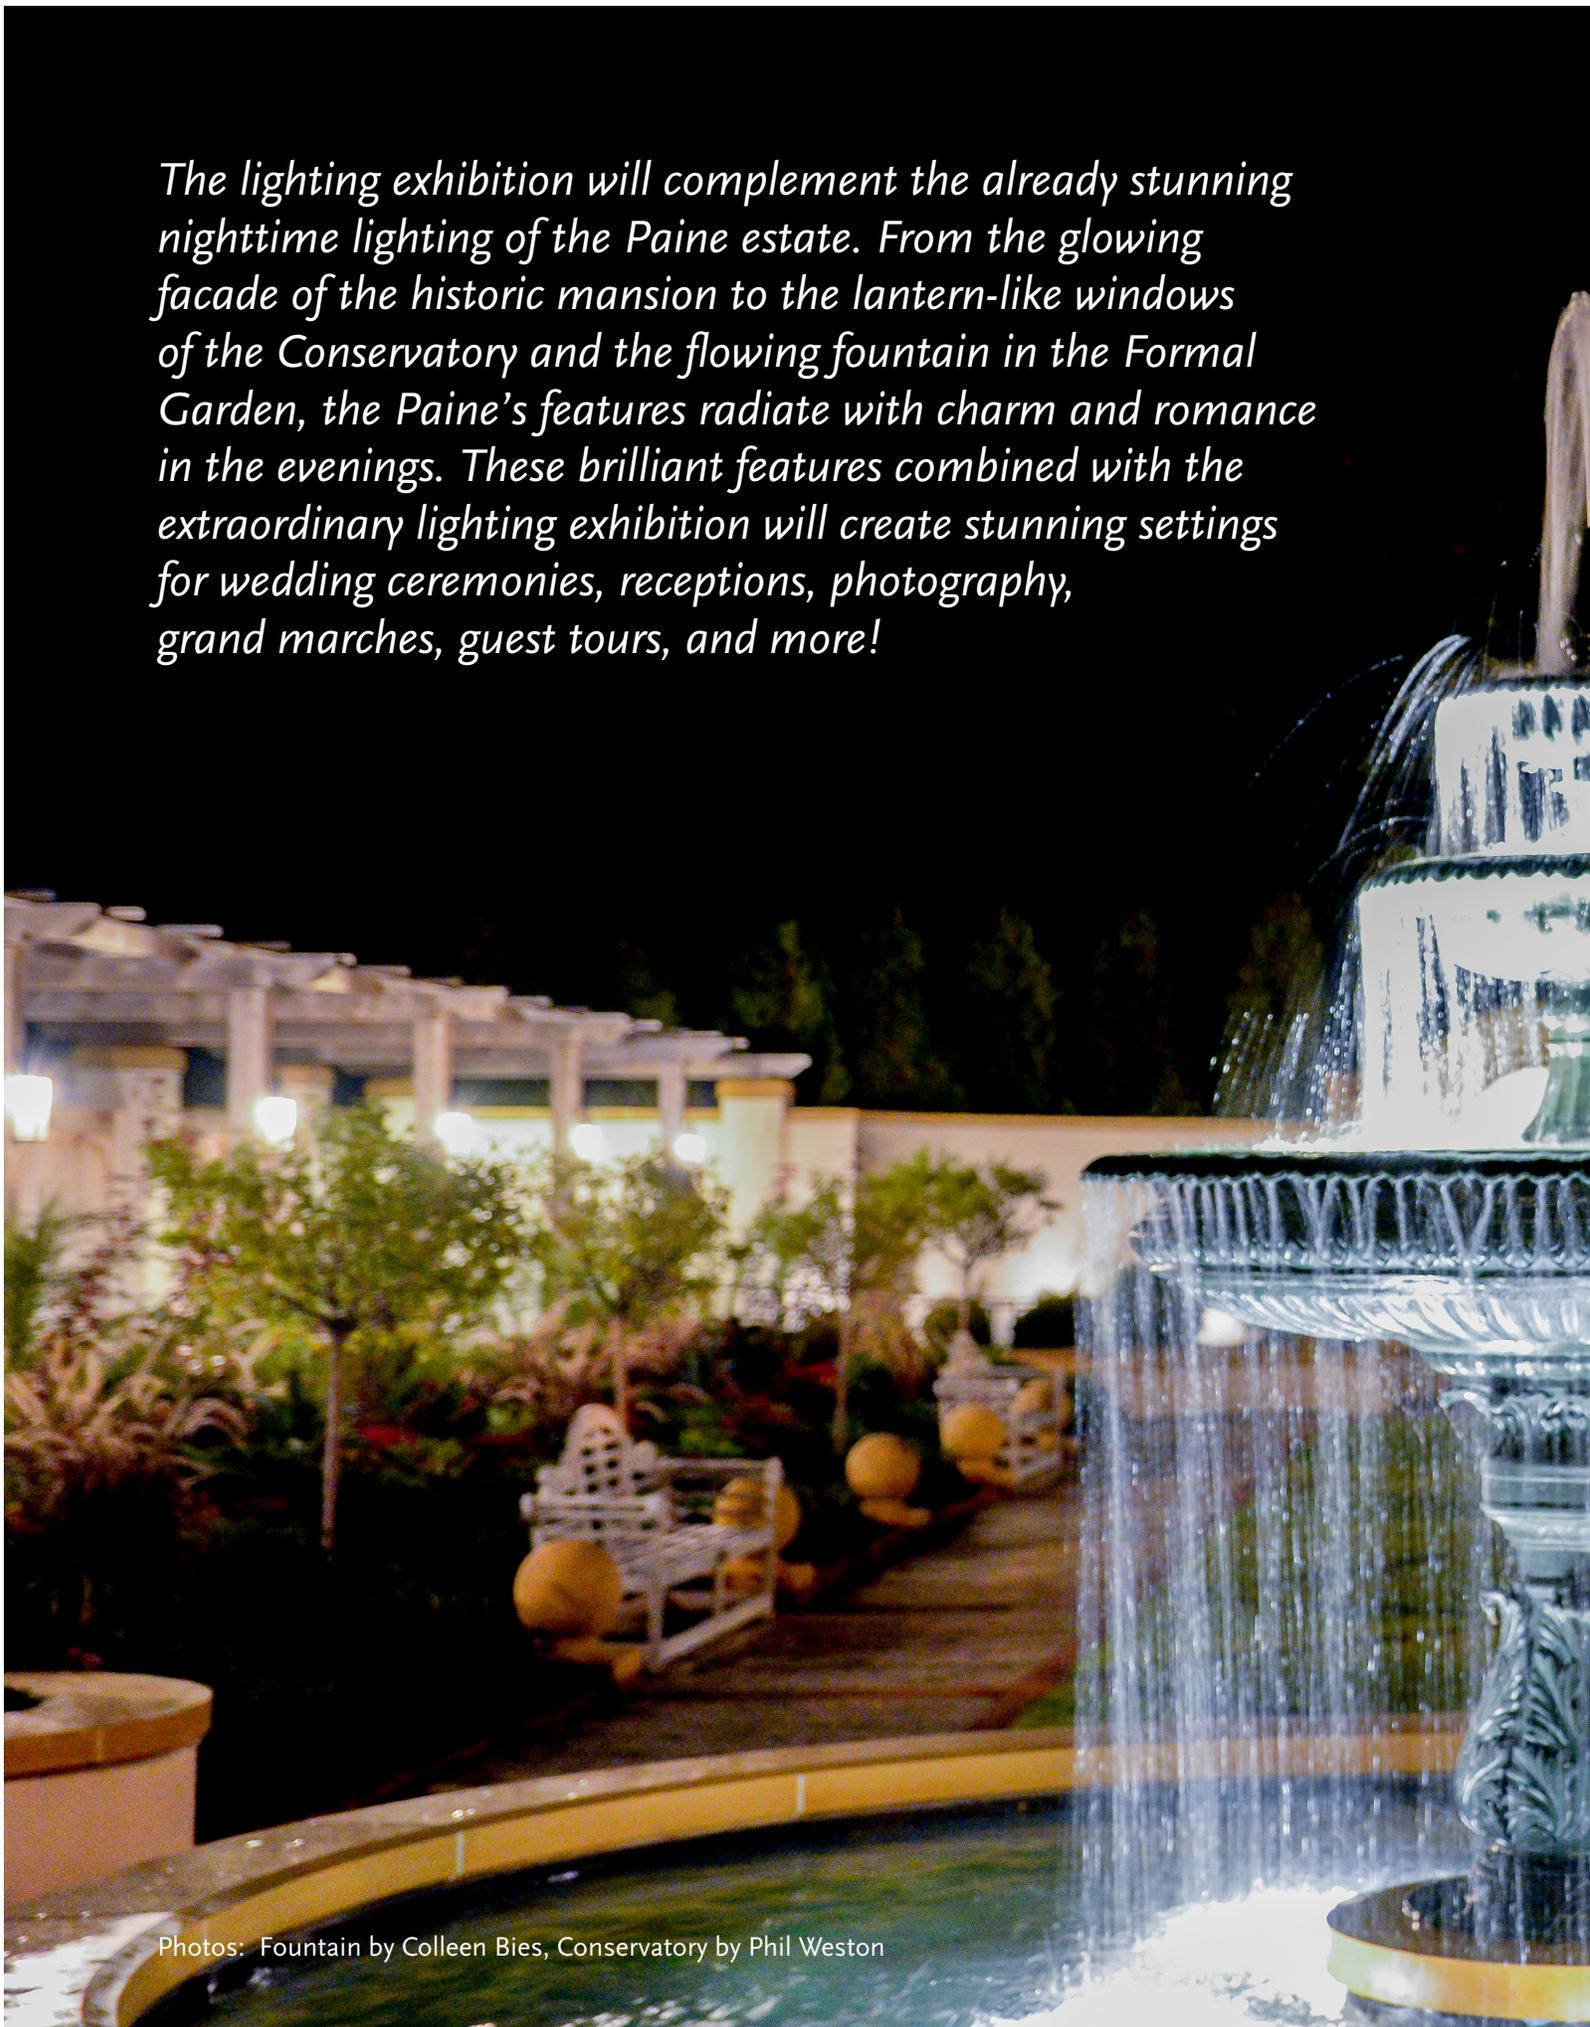

During the Summer of 2022, the Paine Art Center and Gardens will offer a wedding experience unlike any other in the history of the estate. The Paine will be presenting an art exhibition of lighting sculptures and installations throughout the gardens and buildings. While this stunning display is on view, a limited number of Friday and Saturday evenings are available for weddings. These “illumunited” occasions will be truly unforgettable events for couples and their guests.

The lighting exhibition will complement the already stunning nighttime lighting of the Paine estate. From the glowing facade of the historic mansion to the lantern-like windows of the Conservatory and the flowing fountain in the Formal Garden, the Paine's features radiate with charm and romance in the evenings. These brilliant features combined with the extraordinary lighting exhibition will create stunning settings for wedding ceremonies, receptions, photography, grand marches, guest tours, and more!

Illumination Weddings

August 5 to September 30, 2022

In 2022, the entire Paine estate will be transformed into a spectacular exhibition of light. This wedding season, we are elated to offer thirteen exclusive opportunities to host your wedding ceremony and reception among the stunning blooms and sparkling lights at the Paine.

Illumination weddings begin with a late afternoon ceremony in our secluded ceremony garden. Following your wedding ceremony, enjoy time for photography in our Formal Garden and along our many footpaths that feature stunning views of the estate's landscaping and architecture.

Meanwhile, guests will be welcomed to a cocktail reception in our Courtyard set with charming bistro tables and chairs. Your guests may also take time to tour our mansion, where the wonder of our Illumination Exhibition begins. We invite your group to roam the halls of this historic home and be inspired by the beauty of this custom lighting exhibition.

Following photography, cocktails and tours of the mansion, invite your guests to enjoy an elegant dinner in our Conservatory, featuring tall windows that look out onto our Formal Garden, which will be illuminated at dusk. This Conservatory and the adjoining Carriage House room may also be used for cocktails and dancing following dinner.

At twilight, the magic begins. Invite your guests outdoors to join you for a Grand March along the sparkling garden paths of the Paine, lined with hundreds of glimmering lights. Following the Grand March, the Paine gardens will be open exclusively to your group for touring.

An Illumination Wedding at the Paine is sure to become a celebration that lives on in the memories of your guests for years to come. Please reach out to our friendly event staff to learn more about hosting this unique wedding experience at the Paine.

Illumination weddings include:

- Late afternoon ceremony in our Ceremony Garden
- Rental of our Carriage House and Conservatory for your reception
- 1 Hour for guests to tour the mansion prior to dinner
- Private viewing of the lighting exhibition from dusk to 10 PM

\$6,500 Saturdays, August 6 to September 30

\$4,900 Fridays, August 5 to September 29
