

Artistic Pro Photography

Wedding Photography and Videography Special Discount Pricing:

(1) Package A: \$ 600 4-hour wedding coverage including some pre-wedding and post wedding photos. Add \$400 for video coverage.

\$1,000 for both photos and videos

(2) Package B: \$ 950 8-hour photography coverage (\$2,500 value), add \$500 for video coverage.

\$1,450 for both photos and videos

(3) Package C: \$1200 10-hour photography coverage including a 2 hour engagement session (\$3,000 value) – You can display a few of the engagement prints at your wedding. Add \$600 for video coverage.

\$1,800 for both photos and videos

\$500 for video editing to produces a 7 minutes highlight film.

We also have a drone that can take aerial videos and photos.

The most common package is Package C for \$1,800 for both photos and videos and the free engagement session.

- Retainer fee – 30% down, fully refundable if cancelled 1 month before the wedding date.

Engagement, bridal shower, bachelor party, graduations, parties, family portraits, and events:

\$200 for a 90 minute to 2 hours engagement session (possible in a Mission Bay location or a beach). Free if you purchase Package C.

Or \$150 per hour for either photo or video for any event, \$250 per hour for both videos and photos for any event

All the above includes ALL photos, and not only a predetermined number of images that almost all studios select for you! I can give you all the photos in an

USB flash drive after some basic photo editing within 3 days normally, so you don't have to wait to see your photos after honeymoon.

- All photos from your photo shoot in high resolution JPEG format in an USB flash drive
- Upload your photos in an online photo gallery within 3 days of an event. You can share the photos with family and friends. We can upload the videos to Youtube or online gallery.
- We will provide you the entire length of the wedding video in 4K quality with sound from start to finish. It is usually 60 minutes to 90 minutes long.
- All photos lightly edited for correct color balance and exposure.

We are using top quality Nikon camera and lens and studio softbox off camera lighting equipment. For video, we are using a Sony 4K camcorder with video light to do our recordings.
