

Don't worry about our title: Celebrant, Minister, Officiant.  
Our beliefs are immaterial during the ceremony design process. We arrive with the purpose of molding ritual around the values and taste of our couples, regardless of the institution or setting they marry in.

#### **Custom Ceremony \$425**

Full length, handwritten ceremony. For this, we conduct a one-hour consultation to learn your love story, discuss cultural and religion, customize vows, and add creative or unity elements. Heavily personalized, couples are involved in the final editing process. Legal documents will be filed on your behalf.

#### **Simply or Elopement Ceremony \$200**

No prior meeting is necessary. This style is more intimate than a civil ceremony from a local chapel. To make this 10-minute ceremony more personal, it's encouraged that couples share a few heartfelt words prior to formal vows and the ring exchange. Legal documents will be filed on your behalf.
