# Nice to meet you

I love helping couples through one of the most important and exciting times of their lives. Weddings have so many moving pieces and I want couples to be able to concentrate solely on soaking up all the love and support as they take their first steps together. I love the ability to work one-on-one before the wedding to create unique and personal details, to get to know the couples dynamic, and to help bring out the best of their personalities in a beautiful event.

# Classic Southern Weddings

Elizabeth's Events specializes in classic, southern affairs with an emphasis on hospitality and charming details. We take a very personalized approach to each client and are not only here to help with the details of their event, but to get to know each couple we work with on a deeper level. Trusting someone with such a big day isn't easy so we work to develop that relationship so the couple can feel secure and comfortable coming to us for any of their needs. Open, honest communication is key.

## Personalized Details

We listen closely to the personal stories of our couples and keep them in mind when sourcing wedding pros and choosing details that will best represent them and the beautiful ideas they have. We encourage our couples to think outside the box and be courageous when considering the meaningful details to include in their wedding day.
