THE IS PHOTO *Wedding* EXPERIENCE

You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! Our goal as wedding photographers is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When our couples feel comfortable and relaxed in front of the camera, that results in genuine, joyful, intimate images!

We have seen pretty much everything in over ten years of shooting weddings. We know what stresses couples out and what will help the best day of your life be fun and stress-free. Your wedding day is an experience from beginning to end and your photography is a huge part of that experience.... shouldn't it be fun? and enjoyable? and natural? We think so!

We want you to enjoy the day with your best friend and not worry about anything. Our goal is to not only capture memories for our clients, it's to create an experience that they will never forget.

One way we ensure that our brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with our couples. We try our best to make sure that all of our couples are the PERFECT fit for us before officially booking. A bride and groom should connect with their photographer, trust their photographer and be EXCITED about the whole process with them! After booking, we love getting to know our clients through an ENGAGEMENT SESSION that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day arrives, our clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about our approach to the wedding day, you can continue reading to find more detailed information about THE WEDDING EXPERIENCE!

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a bride AND photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with a spouse & your pictures.... that's it! All of that planning and preparation is over in a matter of hours! So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding.

Luxury albums are handcrafted with the finest products. Images are printed directly on to fine art archival paper to last a lifetime and finished with a beautiful metal and acrylic cover. Your choice of leather, leatherette, and fabric in colors to match your wedding. This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

Random Fact #3

We were married when we were 19 & 20.
We might have changed a few things
about the wedding itself but we would get
married at the same age again.

THE CINEMA *Wedding* EXPERIENCE

our CINEMA PHILOSOPHY | We don't do video: we do cinema. We believe that wedding cinema is just as important as photography. Your wedding day goes by so quickly that often you don't get to see it all. The girls' nervous excitement and giggles as you are getting ready, the look you and your dad exchange before you walk down the aisle, your vows, the first moments after you are husband and wife, the crazy dance moves you never knew your grandfather had. But cinematography is not just documentation: it's story telling. We aren't your parents' idea of wedding video where there is one camera with one angle at the back of the ceremony and it just shoots from start to finish. We use cameras with cinema quality lenses to create the shallow depth of field (background blur) that you see in big budget Hollywood films. To match up with great footage, we only use high quality music which will enhance the emotion in the story telling.

We don't do cookie-cutter: each couple's story is uniquely theirs. By the time we are done editing your film, we will have created a piece of art. Our films take 3-6 months to complete. We are dedicated to ensuring that when you watch your film with friends and family, nothing you see or hear will distract from the emotion of reliving your amazing love story. Our job is to tell the story of one of the best days of your life.

TRAILER

The trailer is a sneak peek you will get within the first few weeks after your wedding. It will give a glimpse back into your day creating excitement to share with your friends and family. It will leave you looking forward to your boutique film.

BOUTIQUE FILM

Our goal for cinema on your wedding day is create a BOUTIQUE FILM. It is a cinematic short film, starring you! It will tell the story of your wedding day from start to finish. We build time into the day to record your love story as told by both of you and use that audio in your boutique film. You will get to share about how you met, what drew you together, how you feel when together, the proposal story, and then you leave a video love note that only you and your spouse will see once the films are completed. Taking your story, audio clips, all the emotion, along with beautiful HD footage and cinema-quality music that fits the two of you, gives us the means to unfold the beauty of your love. Your boutique film will be something that you want to watch again and again. A part of your legacy that you will get to show your kids. Something you will keep forever.

BOTH/AND

Since we offer both photography and cinema, there is no reason to look elsewhere. You still get both Adam and Amy as Adam is the main cinematographer and Amy the main photographer. When two separate companies work your wedding, you won't know how well they will work together which may cause you more stress. Our desire is to take as much of the pressure off your shoulders and create as close to a stress-free day when it comes to your photography and cinema as possible.

Random Fact #6

Amy is the slowest drinker ever and it drives Adam crazy.

THE WEDDING EXPERIENCE

ENGAGEMENTS :

We are more than willing to travel for engagement sessions! We actually love it when our couples ask us to photograph them in a location that means something special to them! We book engagement sessions at least two months in advance and 60 miles of travel are included.

DIGITAL FILES

PHOTO :

We average 75-100 images per hour that we're shooting. We love delivering our client's files in person so we can show you our favorites and hand you the flash drive. You will have the ability to print, share and use your images as much as you want. We believe in freely sharing our work because that is what we would want if we were in your shoes!

COVERAGE :

We are sometimes asked if we can cover less than 8 hours. It is possible but it is not something that we recommend. You deserve beautiful photos AND a stress free day to enjoy. We find that less than 8 hours causes things to be rushed and stressful, we don't want you to cram things in before we have to leave. The more hours the better for both of us!

DIGITAL FILES CINEMA :

OUR SHOOTING STYLE :

BOOKING :

Your TRAILER and BOUTIQUE FILM will be posted in HD online for you to view as soon as they are ready. You will also receive a flash drive with both of them and any other files included in your package. If you would like to add a DVD to send to your grandmother we can do that, too. Turnaround times for boutique films are 4-6 months; we are committed to find the best music and footage to tell your story!

We love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when we will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that we are there. (The ceremony, during dances and toasts, etc.)

Once we have answered any questions you may have and you have decided that our Wedding Experience is exactly what you're looking for on your wedding day, the next step is for us to type up a contract for your day and get together to sign, take the retainer, and give your our welcome packet.

Thank You

We are so glad you contacted us! Enjoy this season of engagement and get excited about your BIG DAY because it's going to be fabulous! Plan and prepare but always remember that at the end of the day, you're marrying the love of your life and that's all that really matters. Congratulations on your engagement and we look forward to hearing from you! Be sure to visit the BLOG to view our most recent weddings!
