Capturing Your Special Memories is My Passion

I've been photographing weddings for 11 years. My passion is creating memories for my clients. I love capturing special moments and raw emotions that occur at weddings. I don't view my client as just a client, but more as a budding friendship. I love everything that encompasses wedding photography because it allows me the opportunity to develop a friendship starting at the engagement session, continuing into the bridal shoot, then in the actual wedding and often, beyond as those couples grow into beautiful families of their own.

Package One: This is the smallest package I offer. Starting at \$595 +tax (travel/mileage not included). It is designed for those clients who are having a small intimate wedding. Up to 3 hours of wedding day coverage. It includes a flash drive of all images, full resolution ready for printing. This is a good package for those who just want the ceremony and important photos with a portion of the reception. \$755 for Four Hours.

Package Two: Starts at \$1595.00 +tax (travel/mileage not included). Up to 6 hours of wedding day coverage. It includes a flash drive of all images, full resolution ready for printing. Add \$295 for Bridals, and \$275 for Engagements.

Package Three: This is my most popular package at \$1795 +tax (travel/mileage not included). This gives the bride time before the ceremony and plenty of time after to capture every important detail of the reception. It's up to 7 hours of wedding day coverage. It includes a flash drive of all images, full resolution ready for printing. Add \$295 for Bridals, and \$275 for Engagements. Extra hours can be added for \$225/hour.
