I'm a photographer based in Augusta, Georgia, but I'm always down to chase an adventure with my camera.

Thanks for stopping by to get to know a little bit about me. There's something wholesome about being a photographer that makes me feel amazing. I enjoy meeting new people, creating friendships, and capturing those precious moments.

My approach is documentary with a dash of fine art. I love candid moments, capturing small details, and stringing them into a visual story so you can relive your day over and over again.

Being behind the camera is my security blanket. I enjoy documenting through my lens and focusing on the moments that are most important to you. I want to capture your love story, how you remember it, because that is what matters.

When I'm not busy capturing *rad* photos, you'll find me snuggled up with my little family. My husband and I are the proud parents of two little firecrackers, Olianna and Hazel, and our furry sausage dog squad, Pepper and Piper. We're all about movie marathons, discovering hidden foodie gems, and sharing belly laughs until our sides ache.

So now that you know a bit about me, I can't wait to hear about you! Tell me your story, your dreams, and let's create some unforgettable memories together.
