

## ★ More Info ★

### **The Bride's makeup trial:**

\$75 including false lashes, all trials are held in Falmouth/Mashpee, MA.

### **Wedding day makeup:**

\$90 per person including false lashes and a lip product. (3min-7max)  
\$25 flowergirls.

I'm sorry I don't go to M.V. Nantucket or lower Cape past Dennis.

### **Availability:**

When you contact me about my availability I will need to know...

★ the wedding date

★ town and place your group will be getting ready

(where am I setting up? A house? Hotel?)

★ how many people total including the bride need makeup services

★ the time the group needs to be ready

(First look photo time? A car pickup time? The ceremony time?)

**Once I have all of this information I will know if I can commit to your date and I can email you my contracts and book your trial.**

Be sure to consult your photographer so there are no last minute surprises and we're all on the same page for a perfect day. For example, if we agreed to a ready time of 3pm and the photographer says a week before the wedding that they'd like to start first look at noon instead of 3pm I would not be able to accommodate that request. I do not have a staff and it takes 30-45 minutes per person for makeup services.

### **Hair:**

I work with a dependable, talented, travel hairdresser. If you would like hair services, let me know and I will set up your trial on the same day as your makeup trial so you see your total look. Absolutely no pressure to hire a hairdresser through me, my business is solely makeup. (Her pricing upon request.)

### **My kit is cruelty-free:**

Cruelty-free is so important to me! I'm doing makeup 15+ years in NYC and MA. I was a manager for Benefit, Perscriptives, MAC and Origins. With this experience behind me I feel confident about what products work and test them on myself before they make it to my kit. My kit is a mix of multiple cruelty-free brands. The majority of the major "prestige" brands are not cruelty-free. Cruelty-free brands are less expensive because they aren't paying for horrendous animal testing not because of their quality. If there's a brand you are attached to, check their status on the official cruelty-free lists. I'd be happy to recommend an alternative.

★ Thank you! I look forward to being a part of your big day! ★
