FAQ's

Q: Can I replace my complimentary engagement session with bridals?

Yes! We can switch out the two sessions if you already have engagement pictures or would just prefer bridals. I like to get my couples in front of my camera once before the wedding to get to know you and get you comfortable!

Q: We're uncomfortable in front of the camera, can you help us?

Absolutely. First of all, I will do my best to make you feel comfortable with me and therefore comfortable in front of my camera. Second, I have a bunch of ways to make you feel confident in front of the camera and get your genuine connection to come through! You two are in love, the connection is THERE. I'll help you show it! I got you!

Q: Do you edit all of the photos?

Yes, 100%. I never give my clients unedited, raw photos. They are edited in my style and you get the full-res photos 3-6 weeks after your wedding day. This gives me enough time to give each photo the attention it deserves!

Q: Should I do a bridal session?

This is completely your choice. Bridals are a great opportunity to test your makeup and hair as well as to see what it will look like on camera. It gives us uninterrupted time to get great bridal portraits. Some people like to have a bridal print at the reception or give bridal prints as parent gifts. If you choose to not do a bridal session, I WILL get bridals on your wedding day, we will just get a few less and spend less time.

IT WOULD BE AN ABSOLUTE JOY FOR ME TO BE A PART OF YOUR
WEDDING DAY!
