COLLECTION GUIDE

# WELCOME!

Photography is a love affair between light and life. Our philosophy is to capture the essence of your love. The small moments in between moments that really tell your love story. We love authenticity and raw sunlight, we use both to create a series of photographs that will make you remember how you felt in that moment. We have been on the other side of the camera too, it's crazy awkward right? Our goal is to keep you distracted with fun games and snuggles so you can relax and be yourself. We will ask you race to the finish line and lip sync battle with your bridal party to keep the fun going. We will ask you to dance to your favorite song in an empty field, creating romantic moments that are real and easy. We are half fashion photographers, half photojournalists. We will be out there shakin it on the dance floor capturing candid with your family and friends and under your veil shooting the super romantic stuff creating epic wedding photos you'll be proud to share.

To us, being a great photographer doesn't start and end with us. We enjoy getting to know who we are photographing and creating a relationship because when we start to fully understand the nuances, quirks and qualities that make your love unique, it allows us to translate that into meaningful photographs, not just pretty pictures.

Your wedding photos are an investment. It will be only thing you have left after the party is over. Couples hire us because of our creative lighting style and authentic shooting experience. There are two of us, we have a husband and wife vibe so you're getting two photographers for the price of one. We devote several weeks of our lives to your day, weeks of planning and editing almost a ton of images afterwards. We won't watermark your photos, they are yours to keep forever, there is no sales pitch afterwards and your gallery and store will be kept online in a secure location so you won't ever lose them.

MUCH LOVE,  
CHRISTINE & DANNY

## TESTIMONIAL

We are both naturally camera shy, but they are so passionate about what they do and made us feel SO comfortable throughout the whole day and pictures. We cannot recommend them enough. Their turnaround time for photos was SO incredibly quick as well. They listened to everything that we wanted and went above and beyond to get the most amazing photos. So grateful we found them!
