

Wedding + Engagement Guide

Welcome

Congratulations on your engagement! I understand the stress of planning a wedding and how important it is to pick the right photographer. I recently got married and picking a wedding photographer that fit our style and worked well with us was at the top of my list. Photographs are one of the only things you will have to look back on years from now.

I limit the amount of couples I take on each year to ten to give more availability to myself. I currently have my work featured on the front cover of WeddingDay Magazine and a 5 page spread. I am also featured on The Knot, Wedding Wire, Wedding Bee, and Perfect Wedding Guide. I am a recommended vendor with several venues around the Indy area including but not limited to The Mavris, Canal 337, The Mill Top, and The Barn at Kennedy Farms.

Reviews

POSTED 9/24/2018 BY RACHEL N

We could not have been happier with Jamie for our wedding photography! She took wonderful unique shots that really captured the feel of our day- the weather on our wedding day was drearier than we expected and one reason I chose Jamie is her versatility in all kinds of weather and light- her photos always look good! She was also wonderful to work with, keeping us on track time wise, calming me down when I briefly misplaced our wedding bands, and even transporting me from our Airbnb to the venue because she had room for my dress! From getting ready to reception we get to look back on each special moment thanks to Jamie! Highly recommend!

Jamie is incredible at what she does. She's so loving and professional. She captured so many special moments perfectly. Our wedding photos look stunning, and her calm presence and experience were definitely appreciated! She's easy to work with, does her job well, and gave us a real gift in the end!

Jamie is the absolute best! Our wedding pictures were more than I could have ever imagined. I feel like pictures are a stressful part of the wedding day and she made it anything but stressful. She did a great job splitting it up between groomsmen/bridesmaids, so no one got tired of taking pictures. I would HIGHLY recommend Jamie for any of your photography needs!!!

POSTED 9/23/2018 BY CHRISTINA V

Jamie is the sweetest person ever and she captured our day perfectly! We even got some sneak peaks the week after our honeymoon! She helped our bridal party feel comfortable in front of the camera and every picture was amazing! We can not recommend her enough!!!

Featured

I am happy to announce that Jamie Vester Photography has been featured in WeddingDay Magazine! This styled session is on the front cover of the fall 2018 magazine along with a 5 page spread. This styled shoot took place at the Indianapolis Zoo. It was amazing to be amongst the animals and interact with them while taking photos.
