About Terse Films:

We are a team of 2 that records videos ranging from advertisements to weddings located in, but not restricted to, Wichita, Kansas. We've been doing video work for about 4 years now and are passionate in what we do. We are both college students that do this part time, therefore during the school year edits might take a little longer, but either way should be done within a month.

Let me know if you have any further questions! Thank you! – Terse Films
