BOCA
VISUAL FUSION

Wedding cinematography that doesn't just document your day but captures its beauty through artful filmmaking. We merge the clarity and quality of modern cinematography with the intimacy of the vintage style to create a wedding video that is stylish, beautiful, and full of heart.

First Communion
Confirmation
Birthdays
Graduation

Our Highlights Videos are not a "trailer" with random clips, but a whole movie in itself that tells the story of your wedding with all the best moments from beginning to end. I believe weddings have the perfect flow- the anticipation of getting ready, the climax of the ceremony, and the celebration of the reception. And 6-7 Minutes is the PERFECT length.

We don't make your wedding into something dramatic and cheesy. Weddings are beautiful and emotional just as they are. No need to make them an over-the-top production. I like to bring out the genuine emotion and beauty of the day.

Apart from the vows and some audio from the day, I don't add voiceovers. I find them to be overly dramatic and distracting. I believe the best way to capture true emotion is with great music. And I use happy emotional music, not sappy slow songs.

All our packages include full day coverage which is unlimited hours. I make sure to get all the activities of the day, I don't want to miss anything! We don't leave before cake cutting and the bouquet toss just because my hours are up.

It is our belief that marriage is for the bride and groom but weddings are more about all your family and friends coming together in one place to celebrate. For this reason, I like to get a lot of shots of the family and friends in addition to the bride and groom.

\$4995

'Boca Visual Fusion was perfect. I wanted a professional film but was concerned it would look like I have a paparazzi. They are out of the way, delivered an excellent film, and did an amazing job. I would highly recommend them.' Anna & Rama ★★★★★

'We have nothing but good things to say about Ivan, Peter and the Boca Visual Fusion team and highly recommend them. The films that they display as their demos were cinematic and when we received ours we found that they lived up to those expectations.' Tom & Yuan ★★★

'We absolutely LOVED working with Boca Visual Fusion. We got our trailer to post on Facebook and everyone loved it. They were never in your face with the camera or anything like that. Actually I didn't feel as though they were there.' Bavidra & Saher ★★★★★
