THE
Wedding
EXPERIENCE

MY PHILOSOPHY | I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as a wedding photographer is to serve and love on my clients first, and allow beautiful photography to follow this. I do this by making one aspect of wedding planning very simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When my couples feel comfortable and relaxed in front of the camera, that results in genuine, joyful images! When you look back on these images 1, 5, 10 and 30 years down the road, I want you to remember the joy the day brought you not only from your carefully curated decor.....but from the fun you had! To me, that is priceless. Your wedding day is an experience from beginning to end and your photography is a huge part of that experience..... shouldn't it be fun? and enjoyable? and natural? I think so! My goal is to not only capture memories for my clients, it's to create an experience that they will never forget.

THE PROCESS | One way I ensure that my brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with my couples. I try my best to make sure that all of my couples are the PERFECT fit for me before officially booking. A bride and groom should connect with their photographer, trust their photographer and be EXCITED about the whole process with them! After booking, I love getting to know my clients through an ENGAGEMENT SESSION that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! I also enjoy coffee date or by phone consults to walk through your time line and discuss how photography will fit into your day. By the time the wedding day arrives, my clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about THE WEDDING EXPERIENCE!

WHY A SECOND PHOTOGRAPHER?

You spend months, if not years planning for this day. You have carefully cultivated every detail big to small from time lines down to the linen colors. So shouldn't we capture it ALL? I tell my brides that I take pride in discovering all that needs to be photographed and stumbling upon those candid moments that you just can't plan. However, I cannot be in two places at once. A second photographer is a fantastic way to capture behind the scenes footage and secondary angles. For example, I photograph my bride walking down the aisle. My second photographer photographs my bride minutes before doing so, embracing her father. My second photographers are all trained by me and act as a true, extension on wedding day. They are not bag holders, nor assistants, but true, professional photographers added value to your wedding day and increasing your gallery size to about one hundred and fifty percent.

A LA CARTE

You may choose to enhance your Wedding Experience with A La Carte add-ons. Any additional add-ons do not need to be decided upon booking but can rather be added at any time. Once added, payment is evenly distributed onto your invoice installments. A Second Photographer option cannot be added past 30 days before the wedding date. This gives my employees a predictable work schedule to better serve you and all other ABP couples.

PAYMENT INFO

Your entire invoice is split between three even installments. A 33% retainer is collected upon booking along with a signed contract. An additional 33% is collected half way between the date of booking and 30 days before your wedding. And the final invoice is collected 30 days before your wedding. That way all business is finalized way before your big day so our only focus is you! All payments are made online.

Random Fact No. 2

I find that joining in on the dance floors allows me to get even better photos of your guest!

WHY INVEST?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a photographer, I believe that couples should make their photography a top priority. Think I'm too biased? Listen to this.... After the big day is over, you will leave your reception with a spouse & your pictures.... that's it! All of that planning and preparation is over in a matter of hours! Flowers die, rentals are returned and decor is stored. Photos are here to stay, are on your phone and on your walls for months if not, years. So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding. I offer high end, linen bound Legacy Albums for my wedding clients. The images are printed straight onto the pages and the covers are wrapped with top quality fabric and punched with foil engravings. This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

Q and A's

THE WEDDING EXPERIENCE

ENGAGEMENTS :

My Engagement Sessions make for a perfect photography practice round, allows us a chance to bond and creates special memories. I recommend two outfits and two locations. All Engagement sessions come with 45-60 high res. digital images + online viewing gallery.

DIGITAL FILES :

Your online gallery will consist of around 800-1200 digital images depending on if you choose to have a second photographer with me or not. You will also receive B&W copies of ALL images. You will receive full photo rights for no charge which means that you will have the ability to print, share and download your images as much as you want.

COVERAGE :

I am often asked if 8 hours is enough time to capture the full wedding story and the answer is yes! My main goal right now is securing and saving your date. You can always add additional coverage as we get closer to the big day and we have a good idea of your time line.

MY SHOOTING STYLE :

I love being both interactive and discreet throughout the Wedding day. There will be parts of the wedding day when I will need to manage situations in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. (The ceremony, during dances and toasts, etc.) I teach my couples how to pose, model and interact during their engagement session so they are naturals on the wedding day and don't need quite as much instruction from me!

BOOKING :

Once I have answered any questions you may have and you have decided that my Wedding Experience is exactly what you're looking for on your wedding day, the next step is a booking proposal. I will create an online proposal that will walk you through selecting your package, signing your contract and collecting your retainer. All online. Once the proposal is completed, you are *officially*, official!

Random Fact No. 3

I like to end my wedding days with a night time shot under the stars.

Thank You!

Congratulations on your engagement and I look forward to hearing from you! Be sure to visit the BLOG to view my most recent weddings!
