

Fees for wedding ceremonies generally fit into three price points.

Short Ceremony \$325

This price point is usually used for couples in Central Park who have a very short wedding ceremony with just a few guests. Very often it is just the photographer and me at the ceremony and a few friends at the most. This ceremony is pre-written and included a short introduction, vows and ring vows and a declaration of marriage. I will take care of all the paper work for you.

Individualized Vows and Ring Vows/Editing \$500

This price point included me sending you 24 pages of vows and ring vows and you get to choose exactly what you want. You can add, delete, and if you like you can write your own vows, and I'll help you with that. And, I send you the wedding for editing. This is an all- important step - you will get to read and edit every word! I take care of all the legal follow-up.

Personalized Wedding/Edit \$650 and up

This price point reflects what most of my couples choose. The entire wedding is personalized and written for you to reflect the depth of your love and to celebrate your love just in the manner you want to do that. What is included varies as much as each couple is unique. Usually it includes a love story about the two of you, a section that possibly honors family and friends who have passed on, readings if you want, a rituals that could reflect your culture and viewpoints if you want this, vows and ring vow selection, legal follow-up and much more.
