## CONGRATULATIONS! YOU'RE ENGAGED!

Now the wedding planning begins and choosing a photographer is one of the most important decisions you will make.

My goal is to capture the love and romance that brought you together as a couple. My education in photography has trained my eye to see creative elements, that when tied together, curates a heartfelt story that provokes emotion while focusing on the uniqueness of the pair. The most powerful images are produced when they are captured unscripted and unforced. My approach will help put you at ease and truly enjoy this special time with each other. With years of experience coordinating with vendors, managing assistants, and directing poses/interactions between couples or large groups, I am confident in delivering professional quality, creative, and authentic imagery for client's to cherish.

## LET'S GET ACQUAINTED!

I'm a California native, born and raised in the Bay Area. I received my Bachelor of Arts degree from Brooks Institute in Santa Barbara, California. Besides weddings and engagements, I also love photographing fine art portraits and fashion. Other pastime activities I enjoy are swimming, hiking, traveling, beer tasting, dancing, and playing video games.

### **What is your favorite moment to photograph during a wedding?**

Although I love seeing the rush of emotions during a "first look", the sunset photos take the crown for favorite moment to capture. By this time, clients are relaxed now that the ceremony is over and feel at ease in front of the camera. It's nice to breakaway from the crowd, and have a quiet celebration all to ourselves. The sunset photos are the real "wow" moment in every wedding album, so my clients and I can be as creative and free as we want.

### **What is the greatest love song?**

Without a doubt, "I Will Always Love You" by Whitney Houston. Family and friends may be surprised at this answer because, if you know me, I'm a huge Lady Gaga fan. I have to give props where it's due though!

### **What is your favorite dessert?**

Give me donuts all day, everyday please.

### **Where is your favorite travel destination?**

Paris, France. I was fortunate enough to live in Paris for several months, and it stole my heart. Every street corner is a picture waiting to be captured. It's truly a photographer's playground.

### **Are you introverted or extroverted?**

I identify as an introvert. You could say I enjoy being a "fly on the wall" when it comes to shooting weddings. This photojournalism approach allows me to capture a wide range of moments, scaling from quiet and tender, to loud and energetic, without disrupting the authenticity of the moment.

## FREQUENTLY ASKED QUESTIONS

### Where are you based?

I am located in Portland, OR.

### How many photos will I receive?

Weddings depend on the hour coverage. 8-10 hour weddings will yield 600-800 photos. 6 hour weddings receive about 500. For engagements, expect to receive about 50 images. I provide both color and black and white copies of each image.

### When will my photos be ready?

I will share your photos with you in three stages:

1. A blog post containing 10-15 photos highlighting your entire wedding day. This will be posted within 1 week of your wedding day.
2. Your full collection, uploaded to an online gallery within 6-8 weeks.
3. Your album to be mailed to you.

### Can I meet with you before the wedding?

Absolutely! I love to meet with couples and get to know each other better before the big day. Engagement sessions are also a great way for us to get comfortable shooting together.

### Who is your second photographer?

I work with a handful of talented artists whose availability depends on the location and time of year. They are photographers I trust and know their quality of work is similar to mine. I edit my own shots as well as theirs to ensure consistency in your collection.

### What is your payment schedule?

I require a 50% retainer and signed photography contract to officially reserve your wedding date, with the remaining balance due 1 month before the big day.

### Are you LGBT friendly?

Yes, I am! #loveislove
