# Hello!

*Congratulations on your upcoming wedding!*

*I would be absolutely thrilled and honored to capture your beautiful wedding day!*

*My style is relaxed, candid, with an editorial flair. I believe in capturing the true essence of my clients love story.*

*My ultimate goal is to create timeless photographs for you and your loved ones to cherish forever.*

**MY CLIENTS  
ARE THE HEART  
AND SOUL OF  
WHAT I DO.  
WITHOUT THEM,  
I WOULD NOT  
BE ABLE TO  
DO WHAT I DO.**

HERE'S WHAT THEY'RE SAYING

*Hi, My name is Denisse!*

*I would describe myself as a vegetarian foodie who is obsessed with my dog (annual birthday parties- the whole bang).*

*When I'm not photographing weddings, you can catch me on my couch watching The Marvelous Mrs. Maisel, Suits, or reading a self-help book while sipping on a chai latte.*

*After years of working a corporate job in NYC, I took the jump to pursue my career as photography eight years ago.*

*It was the best decision I ever made!*

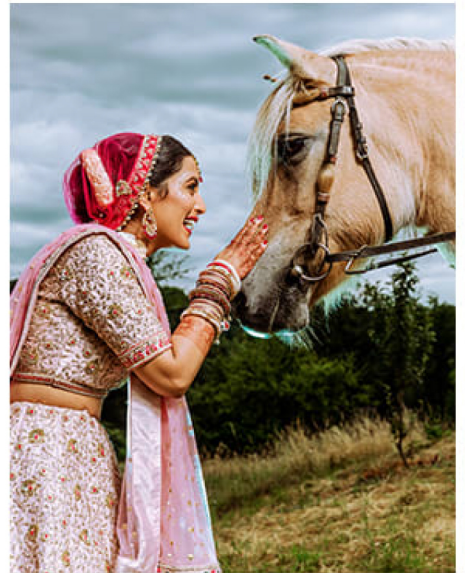

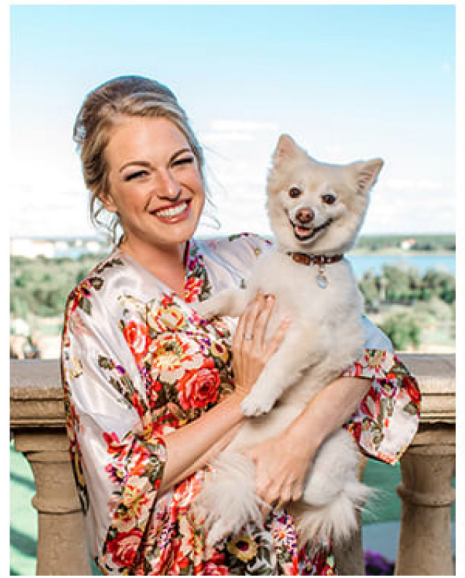

*I love photographing weddings because I enjoy the process of getting to know my clients and their families.*

*I lost my husband to cancer almost four years ago.  
I understand the value of beautiful photos - It was the first thing that I scrambled for after he passed away.*

*Being a wedding photographer is an honor, and I count my blessings every day.*

*"Where do I begin...charming, kind, organized, professional, and OH SO WONDERFUL!!!!!! As a wedding planner, I have worked with many wonderful photographers but when it came to my own wedding day, I knew that I wanted and needed to have Denisse. I had the pleasure of meeting Denisse at a wedding that I planned and coordinated last year. We instantly clicked and then I saw her work when my clients shared their wedding pictures with me and her photos were stunning! The quality, the technique, the emotion that you felt just by looking at a picture...they were ALL breathtaking. She exceeded all of my very high expectations on my wedding day as well."*
