Take your time to decide which packages and services suit you perfectly for your wedding day. Don't worry about the add-ons. *Extra coverage can be added up until the day of your wedding.*

Step Two

It's time to schedule a meeting (personal or video call). Share with me your aesthetical expectations, requirements, ideas, dreams, and wishes, and let me know if you have any queries. After the meeting, I will send you a contract. *Sign the contract and pay a deposit of \$1,000. The final invoice is due exactly 1 week prior to the wedding date.*

Step Three

30 days before your big day, we will schedule a 1-hour call to discuss all the amazing plans and photography expectations for the wedding day. During this 1h call, I will walk you through the process and discuss your timeline with you so your big day can flow seamlessly.

Step Four

2 weeks before the wedding, we discuss these details again from the questionnaire and address any changes. *These steps are vital to have a stress-free wedding.*

FAQ

01

HOW CAN WE BOOK YOU FOR OUR WEDDING?

After a personal meeting, I will put together an individual wedding package, where I can specifically address your wishes, needs, and ideas. *As soon as I have received your signed contract and the \$1,000 deposit for your wedding reportage, your desired date will be firmly reserved for you.*

02

ARE YOU AVAILABLE FOR TRAVEL?

I come from near Blue Ridge, Georgia but traveling is my passion! I do have a few dream locations that I will wave travel fees, reach out for more information!

03

WHAT ARE YOUR TRAVEL COSTS?

My travel expenses vary depending upon different locations. The cost for traveling to and from the destination as well as possible accommodation and meals is very individual. *If you are traveling for your marriage, you can always discuss your ideas and requirements with me. I will be happy to create a customized package specially tailored for you.*

04

WHAT IS A SECOND SHOOTER?

This is the best way if you don't want to miss out on any candid moments or special details. *For example, when we are off capturing stunning bridal portraits, the second shooter can take candid pictures of your guests!*

05

WHAT WILL HAPPEN IF IT STARTS RAINING?

This is the most asked question and I completely understand the concern of couples. The only thing that is out of their hands during the planning process is the weather. But is this something to be worried about?

Absolutely not! Together with you and your wedding planner, we always look out for aesthetic backup locations in case it starts raining on the big day.

From my experience, I know that on the day of the wedding, almost everything can be adapted to a new situation. Having a backup plan helps a lot too. In essence, a few grey clouds after a rain shower can conjure up a very romantic and magical mood. In addition, having a post-wedding photo session also offers us a great opportunity to capture pictures according to your dream wedding aesthetics.

06

WHY DO I NEED A KEEPSAKE ALBUM?

Photo albums force us to put our fast-paced lives on pause. We close the door to the outside world when we open the pages to the past, a happy day. They are tactile and tangible and uniquely different from the many (and often meaningless) experiences we have with our screens. When planning a wedding there is a never ending checklist, let this be something you hand off.

07

HOW MANY PICTURES CAN WE EXPECT AND WILL YOU EDIT THEM?

As a wedding photographer, I want to capture pictures that embody the true essence of your big day. This is the main reason why I put all of my energy, and sensitivity to create an amazing experience for my lovely couples. Starting from discussing your requirements and plans for the main day to photography process including post-processing and special retouching – I make sure to provide you with my undivided attention.

The general rule of thumb is to expect a turnaround time of almost 6 to 8 weeks. This may vary depending on the size and season of your wedding festivities. On average, 50 to 60 pictures are clicked per hour on the wedding day. After taking the pictures, I make a qualitative selection of your images, finalizing them for special touch-ups. Blurred and shaky shots are excluded. The final touch up includes adjustment of lighting and contrast and alignment of your pictures with special attention to natural retouching. You will receive your images in high resolution in digital jpg format.
