WHAT'S UP, GIRLFRIEND!

Let's have some fun!

First of all, I know this may be a stressful season for you, so I just wanted to take a moment to invite you to lower your shoulders + sit with some gratitude for a moment in whatever space you're in right now. A little woo woo? Maybe. Helpful? Absolutely.

So, if you've made it here, you are probably interested in who the heck I am, romantic & beautifully earthy photos, pricing & all that jazz? I've got you, let's dive in - this should be fun and simple! Hopefully by the end you won't have too many questions but, if you do I'm always only a text or email away.

SO, WHY LEANDRA?

Glad you asked.

You wouldn't trust your Aunt Susie, the one with two left arms and a reasonably serious narcolepsy problem, to capture your wedding right? Shoot, I hope not. You reached out for a reason, let's chat! Pictures mean the world to me, they are legacies long after us, moments to relive together & sacred memories we get to keep forever. I am uniquely positioned to capture all of your special moments. With a background in production coordination, and 6 years of photography experience all over the world, my secret sauce is

Heart & Hustle.

I am not your ordinary photographer. We are friends, I am the one helping you touch up your lipstick after you snuck a pre-First Look donut (you deserved it), applying more Band-aids to your blisters and holding your dress when you've gotta pee. I vow to give you everything I have and more.

I thrive on human-to-human connection with my clients and I'm no non-sense kinda gal. My dream is that you get the day you've always imagined, with pictures that *feel* like the love you have for each other right now. I will always lead with my heart and hustle for you right from the beginning. That's what let's me capture the authentic moments you'll cherish forever.

HOURS + TIMELINE

time for you.

How many hours do you *really* need me for your wedding?

As much as I know we're going to be good friends after this and I'd love to spend as much time as you need, I want to make sure you're investing in the right places, I know this is a huge commitment & I'm here to help!

Breakdown of time I'll need for each event:

+ **FIRST LOOK:** If you're planning on having a first look, fabulous, they are so special - I will need at least 3 hours before your ceremony. 1 for getting ready, 1 for first look.
45min for combined bridal party photos.

+ **FAMILY PHOTOS:** Typically happen after the ceremony and I will need about 30 minutes to capture these gems!

+ **ROMANTICS:** One-on one photos with the bride and groom are about 45-60 minutes, please!

+ **GRAND EXIT:** Sparklers? Bubbles? Heck yeah let's make that happen! Please allow 30-60 minutes to capture this, or until the end of the ceremony.

Leandra possesses a combination of skills and moxie that she uses to bring your project to life. She hustles tirelessly to understand and then deliver on your vision. I've worked with her on both sides of the camera, giving me a glimpse into her work style and talents, as well as her client interactions and direction. In each instance, Leandra has brought irreplaceable, positive energy and determination that ensured a successful shoot. One would think you'd get jaded seeing amazing results, but I still feel my heart lifted every time I see a new finished project from her.

Amazing Anniversary Shoot

She worked with my husband and I for an anniversary shoot in our home and pictures outside. From the minute she walked in (and our meeting before) she made us feel so comfortable. She got to know us and was laser-focused on making sure she knew what we wanted—and she nailed it!

I know this is a lot of information but if you take away anything, I want to share that I will be there for you the whole way. I care so deeply about people and that includes my clients (which always turn into friends). I want you to feel like this is a celebration the whole dang way.

Yes, there will be stressful moments but my goal is to make this as fun, effortless & memorable as possible because you deserve the very best.
