Some Awesome clients!

Fabiana + Ronaldo

Campinas/SP - Brazil

"It was so much fun to do our pictures, Fernando took out all the pressure from our photo sessions and made us feel very relaxed and comfortable.

The photos from the wedding day are amazing, and our album too.

I am proud to show it to everybody"

Steven + Bridget

Louisville/KY

"The number one priority in our wedding plans was to find a photographer who would tell a story rather than simply capturing a glimpse. Fernando demonstrated a mastery of his equipment, but most importantly he is an artist that can see a moment

before it happens. We were overwhelmed with the quality of pictures we received and truly enjoyed our time spent with him before and during our wedding."

Arseli + Bill

Corpus Christi/TX

"Photographs that speak for you, that make up the best moments of your life...unique"

Glenn + Agnieszka

Houston/TX

"We cannot express enough how beautiful our engagement photos turned out. Fernando Weberich was able to produce fantastic pictures despite the low light conditions.

His photojournalistic approach keeps us on the move and at ease the whole time.

Unlike most photographers we looked at, Fernando also doesn't put a time limit to the sessions so we were able to take the photos at our own pace.

Can't wait to see the wedding photos."

LaKya + Trey

Houston/TX

"I had a blast at my wedding and it was a long day but Fernando was there for every moment!"

We received the pictures the week we came back from our honeymoon and they were even more amazing than I anticipated!"
