

# **Prestwich Films Pricing**

Every video that we make will have 2 experienced videographers in order to ensure that we don't miss any magical moments.

## **Option 1: \$2,000**

### **3-4 minute video, 1-2 songs**

This includes 4.5 hours of wedding day video. This includes 4k drone footage, getting ready shots, audio for vows/speeches and of course footage throughout the whole wedding – from getting ready moments, to the send-off.

## **Option 2: \$2,500**

### **4-6 minute video, 2-3 songs**

This includes everything in option one, as well as first look/bridal video. The bridal video adds a beautiful cinematic feel to your video and helps you to slow down on the actual wedding day without worrying about getting pictures of just you two. You can choose to have one full video or two separate videos.

## **Option 3: \$3,000**

### **6-8 minute video + 15 minute RAW video**

Everything from option one, but with a little extra magic. Longer speeches, more time to watch a teary-eyed slow dance and a 15 minute+ RAW edit of your day. This documentary style video will give you a full recap of the day, with the speeches and special moments captured more extensively. It'll feel like you're reliving your entire day when you watch this one back.

## **Other Options**

### **Bridal Video Only**

**\$500 2-3 minutes**

Cinematic shots of just you two in a beautiful location. This can include a first look with audio. Remember your love as raw and beautiful as it feels.

**Extra Hours of Filming: \$100/Hr**
