PACKAGE INFORMATION

Included with all wedding experiences is an online gallery of retouched high-resolution digital images with the rights to share on social media, make unlimited downloads and print at the place of your choice — or through my professional lab!

RETAINER

To make sure that your big day (and the day of your engagement session) is reserved for you and no one else inquiring, I also require a 50% retainer fee at the time of booking. A link will be sent to your emails to sign the contract digitally, and to pay the invoice online.

TRAVELING

It is \$1 per mile for weddings outside of the 30-mile radius from the zip-code of 45066. Custom travel prices are available.

Since I shoot multiple sessions and weddings during Ohio's peak seasons on the weekends, I charge an additional travel fee if the date and location of the wedding would prevent me from photographing another event that weekend as well. That one's more rare, but I wanted to mention it up front.
