Real love moments.

A LOVE STORY THAT LED TO DOCUMENTING YOURS

Our story begins with my Mamaw and Papaw, two remarkable souls whose love defined the essence of true and enduring affection. Summers with them were not just magical; they were a testament to the transformative power of love. Their kindness knew no bounds, creating a haven where everyone felt cherished and special. Their love, genuine and deep, left an indelible mark on all who were fortunate enough to bask in its warmth.

As photographers, we are driven by a profound desire to encapsulate timeless memories, much like the enduring love story that unfolded over six remarkable decades between my cherished grandparents. Their 65-year journey was a masterpiece, a living example of the kind of love that withstands the tests of time. They crafted a beautiful life, raising three children, with love being the very fabric that wove their family together—a love that became their most precious possession.

The decision of my Mamaw to marry my Papaw at the age of 20 faced opposition from her family, who believed she was too young. Yet, in November 1951, they eloped, choosing love against all odds. This decision was the beginning of a love story that would endure through countless challenges, a beacon of unwavering commitment. In our photographic journey, we strive to help others capture these intimate moments—the essence of true love that transcends societal expectations and embraces the authenticity of the heart.

The love my grandparents shared, spanning over six incredible decades, serves as a perpetual reminder of the enduring power of genuine affection. Their story is a testament to the strength of their bond and the profound impact they had on everyone fortunate enough to know them. "True love," for us, is more than a concept; it's a living, breathing force—a harmonious blend of cinematic beauty and nostalgia. It's a force that inspires us to seek out those unique moments, those stolen glances and shared smiles that define the very essence of love.

Through our lenses, we aspire to capture not just images but the very spirit of true love—the kind that my Mamaw and Papaw embodied throughout their extraordinary journey. Photography becomes a vessel to revisit the enchantment of cherished moments, allowing others to witness and celebrate the enduring magic of true love. As we embark on this visual journey, our hope is to inspire a deep appreciation for the beauty of love and the profound impact it can have on our lives.

This woman is a true god sent gift to me and my husband! We were not pleased with our original photographer so we were just down at the beach taking some pictures on our phones. She noticed and came in to save the day! Not only did she capture EVERY photo I wanted but she surpassed all of our expectations within just 5 minutes! I'm sure many others would have just watched from a distance but we are so incredibly thankful she didn't! Thank you again from the bottom of our hearts for doing something so special and kind for us.

- **JORDAN**

To say that we loved working with the Perry's would be a huge understatement. They went above and beyond to ensure that our wedding day was captured perfectly and beautifully - from the early morning preparations, through the ceremony, to the festivities at night. We couldn't have been happier with their work! They are friendly, kind, and helpful to everyone they see, whether it is the couple or the guests. We never had to worry about them having a bad attitude or not getting along with us because of their photos or anything else!

- **ALLISON**

I cannot say enough good things!! Brittany was patient, kind, and made sure that we got everything that we wanted for our wedding. Her little details and help with poses was such a nice touch. Our photos were a dream come true. You dream about your wedding day growing up, but having them capture our memories of this day let's me relive it over and over. I am eternally grateful and cannot recommend them enough!
