Flower Option A:

Hydrangeas are the focal flower. Gorgeous blue and/or white hydrangeas fill your modern short square glass vases with luxury. Arrangements are accented with interesting greenery, and roses of your color selection.

Our small to mid-size hydrangeas take up a large portion of these arrangements, which help you stretch your budget. Each centerpiece features 3 hydrangeas and 5 roses. These arrangements tend to be more compact and round, giving a modern look and feel.

Color themes available- white or light blue hydrangeas only. Rose colors vary.

Flower Option B:

Roses and lilies are the focal flowers. Soft and petally, yet they can also be bright and cheery. Your centerpieces come in short cylinder glass containers with roses, asiatic lilies, a collection of two greeneries, and accented with pretty filler flower.

This package offers the most color variety. Mix and match colors to really make a statement. Each centerpiece comes with 2-3 lilies (depending on blooms), 5 roses, and generous accent filler flowers. These arrangements can be made tight for a modern feel, or a little looser for a garden effect.

Color themes available- red, white, orange, yellow, purple, pink, green

Flower Option C:

Succulents and/or Orchids are the focal flowers. A collection of premium blooms will showcase your succulents and cymbidium orchids. These are the more unusual arrangements, and the designs will definitely leave a lasting and luxurious impression!

We use the highest-end florals for these arrangements. The style is elegant and unique, with a designer flair.

Color themes available- white, pink, lime green, fuchsia, yellow, lavender

*Orders must be secured two weeks prior to event, to ensure flower availability.

**In the event of inclement weather, or political unrest in our source locations, we will make the best substitution available, often with an upgrade.

*** Price list is for planning purposes, custom arrangements can also be made.
