

Weddings

2018 - 2019

Out of *everything* that goes into making your wedding day perfect, photos are the one physical artifact you will always have to reflect back on.

There are only a handful of times in life when we get to surround ourselves with family and friends in celebration of something so monumental and special.

Hiring a skilled and experienced photographer to document your day will not only give you peace of mind that you'll be getting quality photos of your special day, but will also allow you to sit back and enjoy while I navigate the ride. I *promise* it will be one of the best decisions you'll make.

All packages include a pre-wedding day consultation and planning session for your own comfort, and my own opportunity to get to chat with you and get a feel for your personal style and wedding day design.

Do you offer a second shooter?

I am a solo photographer business. Thus, in order to hire a second shooter I have to hire someone for their time. If you'd like a second shooter, I would be more than happy to get one for you. It will be an extra \$300 on your package, and the money will go toward their own time and efforts. I will receive none of the additional cost.

Can I add additional hours?

You can add more hours to any package for \$100/ hr.

Does the unlimited package really offer unlimited hours?

Yup. This is my most popular package due to this offer. It is not unusual for me to cover 12 hours on a wedding day from start to finish.

How many photos do you deliver?

It depends on the amount of coverage you are hiring me for. The less coverage, the fewer pictures for obvious reasons. I am constantly snapping photos throughout the day of candid moments, getting ready, laughs, tears, and many more. Each wedding day is different, so these emotions will all be different as well. This meaning that I don't have a specific number of photos I'll deliver but anywhere in a range of 50 - 100 photos per hour of coverage.

How long does it take to get my photos back?

I will typically have the photos completed in around 4 - 8 weeks depending on my work load. However, I will give a more clear gage at your timeline during the pre-wedding consultation when I can have a better idea of the amount of weddings I will be working on at that time. Although, throughout that 4 - 8 week timeframe be watching my social media for sneak peaks.

Do you travel or book destination weddings?

I do! I am based in West Virginia but will travel anywhere. For most places in West Virginia, Ohio and Kentucky I will not charge a travel fee for weddings under the unlimited package. However for the other packages, my charge is simply my lodging and gas cost. For wedding further away or destination-based, I will charge a travel fee.

How do I pay you and do you offer a payment plan?

I accept all payments through Venmo and cash, but DO NOT accept personal checks. The payment plans I offer are strictly based on your own budgeting timeframe. I only require a non-refundable deposit at contract signing and then a deposit amount of your choice (minimum \$75) at time of and delivery of engagement photos. ALL PACKAGES MUST BE PAID IN FULL BY THE WEDDING DAY.

How do I reserve my date?

I require a non-refundable 25% deposit fee by the time of contract signing. All dates are considered open/available until this fee is paid in full. Upon inquiry of your date from another bride-to-be, I will make sure to inform you. However, if the other customer pays their deposit before you their date is then secured and you will need to find another photographer. I can supply recommendations in this scenario.

Do you charge taxes?

Yes. West Virginia sales tax is charged to the total cost of your package. A statement will be emailed to you after contract signing of your costs and the tax factored in for you.
