# MEET JESSICA

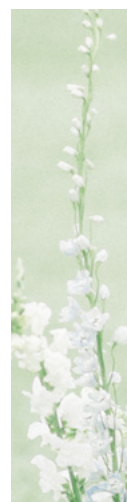

Hi, I'm Jessica, and I love capturing timeless moments and romantic details. I come from a background in wedding stationery, so the gowns, rings, paper goods, and flowers are all special details that I believe represent your love story. It's why I fell in love with capturing weddings. I want to make sure each bride gets the exact experience they've been dreaming about to make their memories timeless.

TIMELESS

ROMANTIC  
DETAILED

The photos from your wedding day are your captured memories and the beginning of your legacy. They're meant to be timeless, to cherish and remember for years to come. Viewing your photos should make you relive every moment of your perfect day, and you deserve a photographer that can deliver not only gorgeous images, but a positive experience you'll never forget.

# EACH & EVERY MOMENT DOCUMENTED

From the save the dates and invitations that gave your guests the first impression of your wedding, to your last dance alone at your reception. That moment when you walk down the aisle and your groom tears up as he sees you, and the equally as touching moment of the dance you share with your father as he tells you how proud he is of his baby girl. Dancing into your reception as you are introduced as husband and wife for the first time, and partying the night away with all your friends and family. No detail should be forgotten, and I will curate a gallery full of beautiful moments and memories from your special day.

# HOW TO INQUIRE

Let's celebrate your love story! I would love to be considered as your photographer, but first you'll have to inquire as to whether I have your date available or not. From there, we'll schedule a consultation in person, or over the phone to see if we're a good fit for one another.

You can head on over to my website to inquire. Just click the link below and fill out the inquiry form at the bottom of the page.
