

The number one question when people first contact me is the price, so I thought I'd give you an outline of what my wedding rates are.

INCLUDED IN ALL PACKAGES:

One thing you'll notice about my wedding packages is that I always include prints. I always make something tangible for my couples to keep as their first family heirloom.

All packages include my individualized attention from the moment you book me.

Below you will see the array of packages I offer. But what if you need 6 not 5 hours? What if you don't want parent albums? What if you're getting married off-season, or not on a Saturday? Only want one photographer? Those kind of issues should be discussed with me so we can figure out the best way to customize your package.

Short and Sweet **\$1,550**

This wedding is for the couple having an intimate wedding who don't want to purchase the entire wedding album service right away. Perfect for afternoon luncheon weddings, renewals of vows, small weddings, and elopements. It could even be for the couple who doesn't care about engagement pictures, and only wants a few getting ready shots up until the major events of the reception (first dance, cake, toasts) but not extra hours of dancing mayhem. :)
