WEDDING COLLECTIONS 2024

EDITORIAL WEDDING PHOTOGRAPHER

WEDDING COLLECTIONS

Basically our starting point for coverage includes 10 hours of coverage and 2 photographers.

We are able to create Tailored Price List for you based on your needs and on what you would like to receive. Feel free to choose among the Extra Services we offer you what you would like to have for the most important day of your life and build the Customized Quote.

We usually recommend starting coverage with the Groom and Bride's getting ready and ending coverage about a half an hour after the party. All our collections include a private proofing website and all high resolution images without watermark delivered on a sophisticated usb box with 10 fine art printed photos.

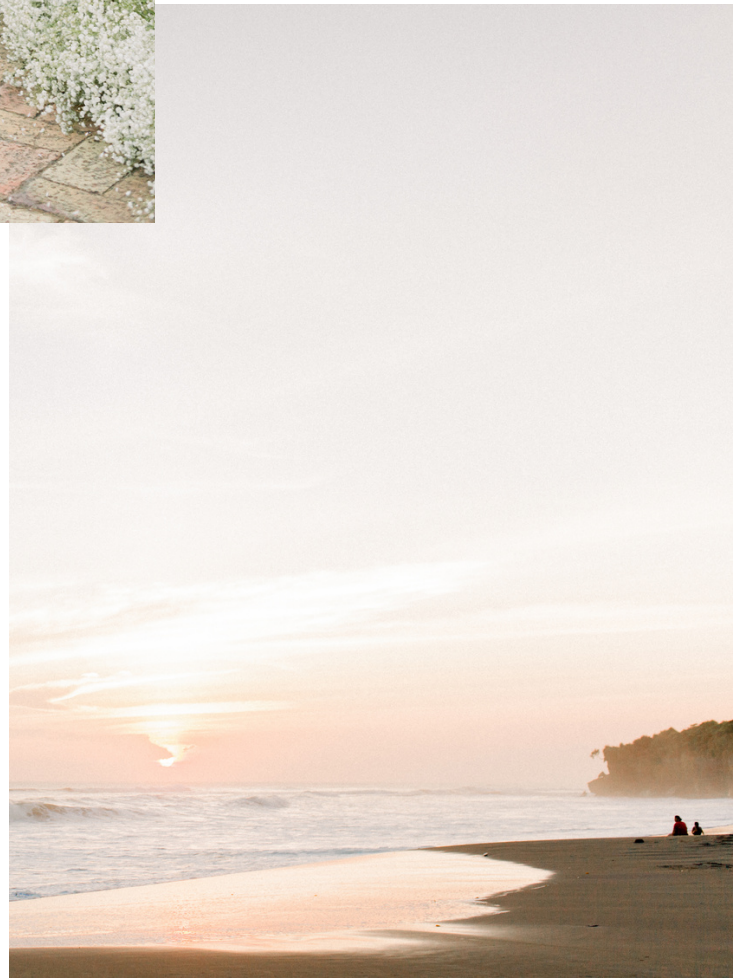

PHOTOGRAPHY

How we love to work

- We take a limited amount of weddings a year, and weddings are booked only with a retainer and signed contract.
- Once you know the wedding package chosen , please send us an email to confirm with all the wedding details. We'll send over an online Quote and Contract that can be e-signed.
- To book us officially we ask 20% as Deposit, the remaining balance of 80% is due 3 weeks before your wedding.
- We love traveling! Actually, we are most inspired when we photograph in new locations. Wherever you decide to tie the knot, we're ready and willing to be there with you.
- To avoid risking travel delays ect, we will arrive the day prior to the wedding day and depart the morning after. This also allows us to scout your venue prior to the wedding day.
- You will receive your wedding images in 3-4 months
- You can also choose to book the Express Delivery in 1 month with an additional price, as you can read in A' La Carte Extra Services.
- We shoot Digital for the ability it gives your wedding to move freely and naturally, but during the day we also shoot some film rolls in black & color a Mamiya645
