

Ceremonies & Celebrations in Aruba

We create what you imagine

First of all allow us to thank you for your interest in our services.

“Ceremonies and Celebrations in Aruba” is an event planning company with ample experience in all types of special events, with a strong emphasis on weddings, including both the legal weddings and beach blessings, as well as bachelor/bachelorette events, rehearsal and/or welcome events, farewell brunches, or any other events you would like to organize while on island. We can also assist with the organization of engagement and/or commitment ceremonies as well as renewal of vows. With over 20 years of experience in the tourism industry, of which 15 dedicated solely to weddings and wedding related events, we are confident that we can comply with each and every wish you may have. We have established an excellent working relationship with most hotels, wedding venues and restaurants on the island, and together with their staff we will guide you every step of the way, in order to create your own special day! Please read calmly and carefully through the following pages. We know these are many but it will give you a broad scope of all that we can offer.

Keep in mind that a beach blessing in Aruba is not considered a legal wedding. If getting married in Aruba is what you have in mind, then we must first organize the legal part of your wedding in our beautifully restored historic building. This ceremony is officiated by a government appointed registrar of marriages. See the civil rules/regulations pages for information on the legal wedding in Aruba. You can opt to get legally married in your home-town prior to traveling to Aruba. After your legal ceremony either in Aruba or in your home town, we will gladly assist you with the organization of a blessing ceremony on the beach at sunset, or at any other venue of your choice, and of course followed by a reception including dinner and dance, if that is what you are envisioning.

Please read through the following pages, 2 to 17, and then fill out the wish list, pages 18 through 23, and return same to us at your earliest convenience. The information provided in the wish list will show us what it is that you are envisioning as your big day(s). We will create an initial proposal, based on the information provided in the wish list, which should include for example as to if we are to organize the civil ceremony in Aruba for you, the location you prefer for the beach blessing at sunset or other ceremony, how many bridesmaids and groomsmen do you think you will have, would you like for us to add photographer, videographer, music for the ceremony and/or reception, unity sand ceremony, cake, hairdresser/make up for bride, bridesmaids, mothers, Cake, etc. etc. Use the last page of the wish list to further explain your wishes and/or to add any items you would like which we did not list in our informational pages. Return the wish list to us either as a scanned attachment to an email, or fax it in to us on 011- 297 582 2971.

We understand that “long distance” planning may not come easy, thus do feel free to contact us for any additional information you may need with regards to your upcoming event. We are here to assist you, and are confident that we can comply with all your wishes. Thank you for choosing our island and the services of “Ceremonies & Celebrations in Aruba”, for the creation of this most important day. We look forward to being of service to you! Warm regards from sunny Aruba.....

Civil/Legal Wedding Information, Rules, Regulations & Cost 2017

*Civil weddings (taking care locally/in Aruba, of the legalities of your big day) became legal for Non-Aruban Residents as of January of 2002. This means going to the **civil** house either the morning of, or a day or two, prior to your beach blessing. We like to refer to it as “obtaining your marriage license the Dutch way”. Many couples in the past have said that they are glad that they opted to have **both** the legal and the beach part in Aruba as it made their destination wedding much more meaningful and special! Please allow us to explain on the following pages what the requirements are for this part of your big day. It may seem overwhelming at first but in reality it is not.*

The 2 initial documents required for you to be able to get married in Aruba are:

1. Long form Birth Certificate for bride and groom **with Apostille**. Full names of parents, including mother’s maiden name, should to show on the birth certificate.

2. Negative statement of marriage for bride and groom, **with Apostille**.

In case bride and or groom were married before then we must also receive another document (see nbr. 3 and/or 4); If neither bride nor groom were married before then move on to nbr. 5

3. Divorce Decree for bride and/or groom, **with apostille**.

4. Copy of pertaining death certificate(s) if bride and/or groom are widowed, **with apostille**.

The following document are templates that we will send to you to be filled out:

5. Letter of intent for bride and groom

6. Declaration Single Status for bride and groom

And the last document that is needed is

7. Passport picture page for bride, groom and up to 4 witnesses

We will confirm a date and time for you upon request. The civil wedding is reconfirmed once you send in copies of all documents to us.

Please read carefully through the following pages for more information with regards to the legal ceremony in Aruba as well as other destination wedding information.

We will deliver ***the copies of your documents*** to the Registrar of Marriages, once we receive them in our offices (please send them either by fax on 011 297 582 2971, or as a scanned attachment to an email), and at this point of the planning we will **re-confirm** your time and date for the civil ceremony. We will then inform you of the registrar's final approval and give you all other details of this very important and very meaningful part of your destination wedding.

Please forward copies of **all** the documents together to us **at least 21 business days prior to the event date**. Failure to comply with this may result in the legal wedding not being able to take place as scheduled.

Helpful civil ceremony explanations

1) In Aruba, the legalities normally take place within the confines of the civil town house, (a beautifully restored historic building), prior to the beach or other location blessing. If you wish to do the civil ceremony at a different location then the cost will be double to what we show on these pages and the location must be an enclosed location with a solid floor and a roof. Legal weddings are **not** performed on the beach.

2) The Civil Town House is open for this ceremony from Monday through Friday from 10am through 11.30am and from 1.30 pm to 3.30pm. Closed on Wednesday Afternoon, Saturday, Sunday's and Holidays (please check with us as to the holidays on island as they will be different to the ones in other countries).

3) A **Long Form Birth Certificate** is a birth certificate that shows the city and state the person was born in, as well as full names of parents including mother's maiden name. This document requires an apostille

4) An **Apostille** is a one-page document and **not** a stamp nor seal. It is a one page document authenticating the document which was received from the country, state or county. The apostille is required for the birth certificates, the negative statements of marriage, and when applicable also for the Divorce decree(s) and/or Death Certificates. **NOTE!** The apostille must be from the same state in which the document was issued!

5) A **Negative Statement of Marriage** is a document issued by the country, state or county, stating that the person for whom this document is being created is single and eligible to be married. This document is many times called something different depending on the location where you live. Sometimes it is also called a "letter of no impediment", or a "certificate of no impediment". Whatever it is called it is proof that your country, state or county says that they are unable to find any marriage records pertaining to your name.

Helpful civil ceremony explanations (continued)

6) A **Letter of Intent** for bride and groom. We will forward this template to you. Please make 2 hardcopies of this page. Fill one out with brides information on the top and grooms information on the bottom and bride signs that one and the other is to be filled out with grooms information on the top and bride's information on the bottom and groom signs that one. The date on the top right hand corner is the date on which you are filling out this document.

7) Even if bride and/or groom have submitted divorce decree(s) and/or pertaining death certificate(s), they **must also submit a negative statement of marriage with apostille**

8) For U.S. Citizens: Long form birth certificates, apostilles and negative statements of marriage (also referred to as "certificate of no impediment to marriage"), are obtained at the bureau of vital statistics located in the department of health. You can also go online on www.usa.gov for more information. Click on your state of birth and/or residence for more information.

9) In the U.K.: Apostilles for the Birth Certificates are obtained at the Ministry of Foreign Affairs

10) In Canada: Apostilles (Authentication) for the different documents are a bit different. You must first request authentication at the Ministry of Foreign affairs and then get the apostille issued at the "Consulaat Generale" of the Netherlands, in Montreal, Toronto or Vancouver.

11) Proper attire is required at the civil town hall. No shorts, slippers, or cut-offs. Thus no beach attire please. Most couples opt for a Sun- or simple cocktail dress for the ladies, and slacks and a buttoned up or Polo type shirt for the men. Full wedding attire is also a possibility but not a must.

12. The legal marriage certificate that you will sign at the civil house will be translated into English (or Spanish for our Spanish speaking couples if/when necessary), after which we have to send it to our judicial department in Aruba for a Dutch Apostille. It normally takes from 6 to 8 weeks for us to get these documents back from the local authorities. Once we receive the documents back we will send these to you by International courier. You will have to wait to make your name changes etc. till this "translated and apostilled" marriage certificate is returned to you. We suggest that you make as many copies as needed of the pages that are returned to you and have the copies notarized to submit these to all the different authorities (employer, insurance, social security, Drivers License offices, other) which require this in your home town/country. Do **not** give any authorities the actual original that we send you. A certified copy is definitely sufficient.

Very Important Notes

- 1. An 18% Administration, Planning, Coordination Fee will apply to all prices shown in the additional selections .*
- 2. Events on Holiday's and Sundays are a possibility, however besides the standard 18% Administration, planning, coordination fee, there will be an additional 25% Sunday Surcharge added to the final bill, and your minimum expenditure must be of \$2500.00 before administrative costs, service charges and taxes. We suggest to stay away from Sundays not only due to the above mentioned, but most officiators are busy with their own congregations and/or parishes and all beaches are busier (in case a beach location is desired) .*
- 3. Events on a beach (be it that it's an open beach or a beach adjacent/attached to a Resort), will be charged a \$150.00 permit fee (imposed by the local government) to cover beach permitting and related fees. This comes into effect for all beach weddings on or after June 22, 2016.*
- 4. All prices on this and other pages are valid through Dec. 15, 2017.*
- 5. Prices mentioned in all these pages are subject to change*
- 6. A 3.625% sales tax, will be added to your final/total bill.*

***If you feel that we have left out options that are important to
you please let us know.
It will be our pleasure to accommodate your wishes!***
