

Rental Price List

All prices listed are for a Wednesday to Monday rental and do not include delivery. Pick up must be in the evenings on those days, drop off can be arranged. If you pick up late or drop off early there will be no change in price.

Once you know what you would like please send me the date of your event and the names of the items you would like to rent, I will send you an invoice with all payment information.

On the invoice there will be a partial payment due before your event, this is your deposit. Any cancellations made within 10 business days of your *pickup date* will result in a loss of the deposit. Final payment must be made by the time of pick up.

Damage will be assessed after drop off. Any damage to the items will be deducted from your deposit, and an invoice will be sent with details of charges. This does not include normal wear and tear. If no damage is seen you will see a full refund of your deposit via PayPal within 5 business days.
