### ADD A SECOND PHOTOGRAPHER: \$125/Hour

There's a lot that happens before and during the ceremony. Bride and groom are often in different places at the same time. Since no photographer can be in two places at once, having a second shooter on board means you'll get images from different locations and various vantage points capturing all of the special memories of your day. You have the option of adding a second photographer for as many hours of your day as you would like starting with a minimum of 2 hours.
