We do this all with an unintrusive photojournalistic approach, and an easy-going personality throughout your day (as well as our entire booking process)! Together, combined with our signature romantic and dramatic portraiture, you and your spouse will have the perfect mix of emotive candids and epic portraits. We can also provide you with your first family heirloom- an album for you to reminisce and flip through with your future children, grandchildren, and beyond.

## WEDDING DAY TIPS

- 1 Keep an area (by window, preferably) clean during prep time, and have your detail items "photo-ready"
- 2 Keep bouquets at navel level while taking photos
- 3 Put your weight on your back leg, and slightly bend your front knee, to give yourself more of an "S-curve" during portraits
- 4 As you walk down the aisle, kick your dress forward
- 5 Hold kisses **longer** than you think you should!
- 6 To save ultra-precious photo session time, designate someone to help with organizing and queuing up group shots!
- 7 Try **not** to talk during your first dance or parent dances
- 8 **Reject** powerful DJ lighting (lasers can damage our sensors!)
- 9 **Rotate** instead of sway during dances if not choreographed
- 10 We'll get all the typical wedding day happenings, but any sort of special items/surprises, **definitely let us know!**
