Additional Information:

A standard chest logo, 3.5" x 2" uses approximately 4,000- 7,000 stitches, while a small quarter sized image contains about 1,000 stitches or so.

Digitizing- is the art of converting a logo or other form of electronic artwork into stitches. Digitized images you pay for are your property. It is a one time fee per design. Any digitized image will be available to you for future embroidery needs.
