## **Here at the ranch we offer something very unique called Ranch Rental Packages!**

Ranch rental packages are designed to allow exclusive use out of the ranch & all the facilities for the best possible value. A ranch rental takes off all the pressure of being on a tight schedule & they are the perfect fit for the bride who wants flexibility & doesn't want to rush through her special weekend! \*Another perk of a ranch rental is, it is exclusive to your event & no other event will take place during your stay with us.

\* October planners please note: Due to our annual fall festival, we cannot offer full ranch rentals during the month of October. We do offer a mini ranch rental during Oct that allows full use of the event center, cabin & all ponds; however, the ranch will be hosting an annual haunted attraction in another location of the property. The ranch has two entrances and this allows us to host multiple events without cross contamination of traffic flow.
