"The whole team was amazing. They came to our condo and did hair and make up on me, my bridesmaids, and mother of the groom and mother of the bride. They were professional and so nice! They did whatever hairstyle we wanted and whatever makeup we wanted! Every single one of us were so so pleased. None of us had any of our hair or make up smudge or drop the entire night! Myah has super quick communication and was accommodating to me adding on a person last minute and when I asked about a bridal trial last minute. Book her!! You won't be disappointed"

"Myah and her team were amazing!! Her assistant was super nice and helpful. We had 13 people who needed hair, makeup or both and they did so good on every single person. They were so patient (because it's hard to gather up 13 girls) and fixed anything we asked before they left. Highly highly recommend!

"Myah was amazing. She was timely, professional and she listened to what I envisioned and helped me achieve it. I felt absolutely beautiful

".Myah and team were introduced to me by my photographer for engagement photos! She was so quick, flexible, professional and made me look like a million bucks! Not to mention my hair and makeup stayed true through a dense fog/rainy photo shoot! She was so great I booked her and the team for my whole wedding party a few months later. Due to my schedule and not living in Destin, I was able to do a hair or makeup official trial but they delivered on everything I asked for by talking through it on the spot! I then used the following weekend at a friends reception! Fabulous, fun, good people"
