

## THE BIG QUESTION!

Do I have to pay more for a Travel Advisor???

NO!

I will help you find the vacation, resort, flights and more that meet your expectations and budget.

By booking with me, you get the service of a ***personal travel concierge*** who will make sure all of the necessary components are handled and booked beforehand, as well as if something were to go wrong while you are traveling.

There is no extra charge for my services, as the resort compensates me after you take your trip. It is a win-win!
