## TESTIMONIAL

### ASHLEY & ROBERT

My husband and I had our wedding at the Maple Lane Estate and could not have had a better experience! The property is gorgeous; unbelievable views in every direction, beautifully maintained grounds including lush gardens, a pond and pickleball court, and multiple areas for entertaining!

The owners of the estate recommended all of our amazing vendors, ranging from the tent company to the band, caterers, florists, a wedding planner and transportation service. (There was plenty of parking, by the way, as there are two meadows adjacent to the property that make for perfect parking lots.)

We were completely impressed by all of our vendors, their care and attention to detail, and felt completely taken care of.

I used the “bridal suite” before the ceremony, and it felt so luxurious! This master bedroom with en suite bath (with jacuzzi tub) was just what I needed to get dressed with my bridal party, stress-free, on site! I highly recommend this venue for both your wedding ceremony and reception— It is one of the most beautiful spots on earth, let alone in Southern Vermont!
