

# Wedding Packages

## Photography

We average around 50-100 images per hour of coverage. As such the images will be provided to you on a storage device. This will include the images from your big day in a high resolution. This resolution is ideal for viewing, sharing, and printing images. We give our clients full printing rights, and you can do as you wish with them as long as no edits of original images are done. We will edit a minimum of 20 images per hour of coverage. Wedding coverage comes with a free engagement session within 25 miles of our studio.

One Photographer: \$200/hour Two Photographers: \$250/hour

## Videography

We offer both short cinematic films which range about 3-8 minutes that highlight the events of the wedding, and are edited to music of your choice. We also offer full length documentary, which is the entire wedding edited together with music of your choice ranging between 45-60 minutes long. Either choice includes 1 or 2 videographers, and 8 hours of filming. If you want a short highlight film, it is \$1300. Full wedding edited is \$1800. If booked together, you get \$200 off total price for both photography & videography. We will also include a video for your engagement session!

## Photo Booth

\$350 for the first 2 hours, which includes unlimited usages of booth for the duration of the time, 4 photos per sheet of 2x6 -double strips, scrapbook, fun props, copy of all photos in a Cd, and on site technician. Additional hours @ \$100 per hour.

We offer both open and enclosed Photo Booth, as well as a video booth.

If booked with any other package, you get \$100 off total price for both.
